

EMS Additional Skills Reimbursement Program

The Nebraska Legislature has set aside money to reimburse EMS providers and services for EMS education.

ELIGIBILITY

Providers are only eligible to take **ADDITIONAL SKILLS MODULES** courses if they are a Nebraska licensed EMS provider (at the respective level for the module) at the time that they attend the class.

Requests for **ADDITIONAL SKILL MODULES** reimbursement must be made within **30 days** of course completion. Reimbursement funds are limited and will be paid on a first come, first served basis.

ADDITIONAL SKILL MODULES are submitted by the state approved EMS **training agency** that presented the course(s).

REQUESTING REIMBURSEMENT

Requests for **ADDITIONAL SKILL MODULES** reimbursement must be on the request form. Each reimbursement request **MUST** have a completed **Nebraska Department of Health and Human Services Emergency Medical Services & Trauma Program Continuing Education Roster – REIMBURSEMENT Classes**. Failure to provide this roster form will result in denial of payment. The simplest way to submit the forms is via email. Forms may be completed and saved or scanned and sent as an attachment to the email address noted on the form.

ADDITIONAL SKILLS MODULES (amounts are per course)

| <i>Module:</i> | <i>Number of Students:</i> | 6-12 | 13-18 | 19+ |
