

# KIDS IN DISASTERS

## TARGET AUDIENCE

Hospital personnel, physicians, nurses, and EMS personnel involved in providing care to children injured in disasters.

## PURPOSE

Provide clinical practitioners with tools to recognize and provide care to children in disasters. Separate breakout sessions will focus on specific concerns of in-hospital and pre-hospital providers. Special care will be taken to address safety issues of the patient care providers.

## KEARNEY APRIL 4-5

CHI Health Good Samaritan Hospital  
Second Floor Conference Center – Rooms E & F (Main Entrance)  
10 E. 31st St., Kearney, Neb.

## OMAHA APRIL 6-7

Scott Conference Center – 6450 Pine St., Omaha, Neb.

## SCOTTSBLUFF APRIL 14

Hampton Inns & Suites Conference Center  
301 West Highway 26, Scottsbluff, Neb.

## KEARNEY/OMAHA AGENDA DAY 1 – EVENING SESSIONS

5:30 p.m. Refreshments

5:45-6:45 P.M.

**EMS: Burn & Blast Injuries – David W. Voigt, MD**

Overall objective: Identify the triage and care management needs for children with blast injuries.

**Hospital: Role of the Medical Provider in a Disaster –**

**Robert N. Chaplin, MD**

Overall objective: Discuss disaster preparedness related to response from the local area and hospital and the role of providers.

7:00-8:00 P.M.

**General: Recognizing Infectious and Contagious Diseases in Children**

**Theodore J. Cieslak, MD FAAP FIDSA**

Overall objective: Differentiate between infectivity and contagion and discuss the implications of their management in children.

## KEARNEY/OMAHA AGENDA DAY 2 – AFTERNOON

1:00-2:00 P.M.

**General: Simple Strategies for Difficult Choices: Pediatric Disaster Triage**

**Mark X. Cicero, MD**

Overall objective: Compare and contrast the most recent research on SALT vs START triage methods to outline the prehospital and primary disaster triage process.

2:00-3:00 P.M. Omaha

**General: Treating Children in Chemical Hazmat Incidents**

**Ronald I. Kirschner, MD**

Overall objective: Recognize the special challenges of decontamination in children.

2:00-3:00 P.M. Kearney

**General: Zika Virus, Targeting Unborn Children**

**Theodore J. Cieslak, MD FAAP FIDSA**

Overall objective: Discuss Zika's transmission, clinical presentation and potentially devastating complications in both children and adults.

# KIDS IN DISASTERS

**3:00-3:15 P.M. BREAK**

**3:15-4:15 P.M.**

**General: Bending, Not Breaking: Promoting Resiliency In Children Before Disasters and Emergencies**

**Mark X. Cicero, MD**

Overall objective: Describe the components of resiliency for children across a range of ages.

**4:30-5:30 p.m.**

**EMS: Care of the Pediatric Patient in Disasters for EMS Providers**

**Eric V. Ernest, M.D., EMT-P, FAAEM**

Overall objective: Identify the differences between pediatric vs adult trauma, including assessment tools and medications.

**Hospital: Burn Emergencies – David Voigt, MD**

Overall objective: Identify treatment priorities in the burn trauma pediatric population

## DAY 2 – EVENING

**5:30 p.m. Refreshments**

**5:45-6:45 P.M.**

**EMS: Mass Casualty Transport – Robert N. Chaplin, MD**

Overall objective: Examine mass casualty transport response including resources, situational awareness and options.

**Hospital: Care of the Pediatric Patient in Disasters for ED Providers**

**Eric V. Ernest, M.D., EMT-P, FAAEM**

Overall objective: Examine how to care for kids when they are not your primary population including assessment surveys and medications.

**7:00-8:00 P.M.**

**General: Children with Complex Medical Needs in Disasters**  
**Tiffany D. Simon, BSN, RN, CCRN, CPS-T**

Overall objective: Discuss how to provide medical interventions for children with special health care needs during a disaster

## SCOTTSBLUFF AGENDA | APRIL 14, 2016

**1:00-2:00 P.M.**

**General: Recognizing Infectious and Contagious Diseases in Children**

**Theodore J. Cieslak, MD FAAP FIDSA**

Overall objective: Differentiate between infectivity and contagion and discuss the implications of their management in children.

**2:00-3:00 P.M.**

**General: Treating Children in Chemical Hazmat Incidents**

**Ronald I. Kirschner, MD**

Overall objective: Recognize the special challenges of decontamination in children.

**3:00-3:15 P.M. BREAK**

**3:15-4:15 P.M.**

**General: From Big To Small...How to Treat Them ALL**

**Tracy M. Meyer RN, BSN, CFRN, NRP, CMTE**

Overall objective: Identify treatment priorities for caring for multiple injured children simultaneously.

**4:30-5:30 P.M.**

**EMS: Burn & Blast Injuries – David W. Voigt, MD**

Overall objective: Identify the triage and care management needs for children with blast injuries.

**Hospital: Role of the Medical Provider in a Disaster**

**Robert N. Chaplin, MD**

Overall objective: Discuss disaster preparedness related to response from the local area and hospital and the role of providers.

**5:30-5:45 P.M. – BREAK**

**5:45-6:45 P.M.**

**EMS: Mass Casualty Transport – Robert N. Chaplin, MD**

Overall objective: Examine mass casualty transport response including resources, situational awareness and options.

**Hospital: Burn & Blast Emergencies - David W. Voigt, MD**

Overall objective: Identify treatment priorities for burn and blast trauma in the pediatric population.

**7:00-8:00 P.M.**

**General: Children with Complex Medical Needs in Disasters**

**Tiffany D. Simon, BSN, RN, CCRN, CPS-T**

Overall objective: Discuss how to provide medical interventions for children with special health care needs during a disaster
