

HEARING SUMMARY

REGULATION: [178 NAC 7 Clean Indoor Air Act](#)

DATE OF HEARING: [October 4, 2021](#)

Name/Affiliation of Person Commenting	Comments	Department Response
1. George Haws	Avoid adopting or changing regulations that would weaken Nebraska’s Clean Indoor Air Act. Avoid making it easier to receive a temporary waiver from the requirements.	The purpose for the changes was to reflect current statutes and to remove duplicative statutory language. No change has been made.
2. Jamie Rodriguez	No major changes need to be done except adding in e-cigarettes.	LB 840 (2020) added the definition of electronic smoking device in section 4 of 28-1418.01 to include e-cigarettes. No change has been made.
3. Megan Word – ACS CAN (The American Cancer Society Cancer Action Network)	<ol style="list-style-type: none"> 1. ASC CAN wants to ensure changes will not conflict with purpose of the law. 2. Regarding changes to 003.01 MEASUREMENT – why are they needed? 3. Regarding changes to 003.02 RESPONSIBILITIES OF PROPRIETOR OR OTHER PERSON IN CHARGE OF A PUBLIC PLACE – given the specific responsibilities are laid out in the regulations rather than the law, ACS CAN is concerned that 	<ol style="list-style-type: none"> 1. (See response #1) No change has been made. 2. (See response #1) No change has been made. 3. (See response #1) No change has been made. 4. This information is not collected by the program. No change has been made. 5. (See response #1) No change has been made.

	<p>deleting the specifics could create confusion.</p> <p>4. 004 SMOKING CESSATION PROGRAMS – how many individuals have sought a smoking cessation class to have a smoking in public charge dismissed and if the process is effective.</p> <p>5. 006 WAIVER OF THE LAW – concerned that changes to the regulations will result in more waivers being granted.</p>
