Chair Stull asked for a motion to accept the June 6, 2022 meeting minutes, to include this change. Motion was made and seconded to accept the June 6, 2022 minutes. Motion was approved by roll call vote, with 17 ayes and 1 abstain.

Attorney General Doug Peterson thanked everyone for their involvement in the committee. These first few meetings have been extremely important in the long-term impact of developing the structure of this committee

and its purpose. Nebraska is currently in good standing to disburse funds, due to early cooperation with League of Municipalities, NACO and individual communities. Funds are close to being distributed. Discussions continue with larger distributors. A significant portion of settlement funds will be coming in at the end of the summer, which will soon put Nebraska in a position to begin receiving applications for fund distribution. Brown Greer, the national settlement administrator, indicated that cities, counties, and states applications received before June 25<sup>th</sup> are being processed and funds can be expected around August 14<sup>th</sup>.

#### **5. Conflicts of Interest Disclosures:**

Chair Stull reminded committee members that they should have received a *Conflict of Interest Disclosure* via email earlier today. This form has been tailored specifically for this committee. Committee members are asked to review and complete this form, and return to Jeri Keller-Heuke at DHHS Division of Behavioral Health. The question was posed as to what may constitute a conflict of interest. An example would be if a committee member was employed by, or working with, an entity which is requesting funds. All potential conflicts should be noted on this form. If a committee member is unsure if they may have a conflict of interest, they are invited to share their concerns with the committee to problem-solve. The notification of conflicts is a fluid process; therefore, if conflicts arise in the future, a new form can be submitted. These disclosures will be discussed again at the August meeting.

#### **6. State Opioid Response (SOR) Grant Overview**

Danielle Wing, Prevention System Administrator, from DHHS Division of Behavioral Health presented an overview of the DHHS State Opioid Response Program, which is funded through the Substance Abuse and Mental Health Services Administration (SAMHSA). Discussion was held on data points, what these funds are used for, and potential future plans.

#### **Public Comment Period**

Dr. Kenneth Zoucha, Director of Psychiatry at Nebraska Medicine, expressed support for this funding to build a statewide network of support, and proposed more data to be collected to support such a network. Investments in training, real time support for providers, and research into evidence-based practices were suggested as a few areas of focus for this committee.

There was no additional public comment.

#### **7. Presentation of Current Data**

Zack Hicks, Epidemiologist, from DHHS Division of Behavioral Health presented the “Use of Population Health Surveys and Online CDC Mortality Data for Nebraska Overdose Tracking”, explaining the importance and methodology of using surveys. This presentation will be continued at the next meeting as well.

#### **8. Subcommittee Updates/Reports:**

- Data/Needs Assessment Subcommittee—Dr. Ann Anderson-Berry presented an overview of the Data/Needs Assessment Subcommittee and its purpose of data collection. Due to the large scope of work being charged to this subcommittee, it is recommended that this work be contracted to outside professionals. An outline of expectations for such a contract was presented. Discussion was held on the feasibility, timeline and process of moving forward with this proposal. Motion was made and seconded to move forward with conducting a short term needs assessment and hire a professional organization to conduct data work. After some discussion, motion and second were then rescinded, due to needing further information currently not available.
- Disbursement Criteria Subcommittee—Due to length of previous agenda item discussions, the Disbursement Criteria Subcommittee’s report will be heard at the August meeting.

- Outcomes Measurements Subcommittee—Due to length of previous agenda item discussions, the Outcomes Measurements Subcommittee’s report will be heard at the August meeting.
