

Training time: 2 hours

This series allows you to log out and return to your last session.

Recognized time frame for completing the training:

July, 2016-May, 2017

Target Date: October 31, 2016

Months of highest number of suicides are November, December and January. As educators we want to be prepared as possible to help our students.

All staff will create their own account at Society for the Prevention of Teen Suicide at www.sptsuniversity.org to take the training modules. OR If a school wishes to have groups take the training together, one person will log in and the staff will need to document their participation. Only the person logged in will receive the completion certificate. The school district will be responsible for maintaining staff completion documentation.

The alternative district option for the approved suicide prevention during the 2016-2017 school year is KOGNITO (exact training as 2015-2016 version). The district can decide which training is most appropriate for their staff. All staff in the district should take the same training. Contact Jolene Palmer, School Safety & Security Director, Nebraska Department of Education at jolene.palmer@nebraska.gov for questions.
