

NEBRASKA STATEWIDE DIRECTORY OF RESOURCES FOR SEX OFFENDER OUTPATIENT TREATMENT

DHHS Division of Behavioral Health
Revised June 2026

The DHHS Division of Behavioral Health does not endorse or promote any of the therapists who have self-identified in this directory. The original list was compiled with the assistance of professionals statewide and continues to be a work in progress. Please note that this directory is not to be considered an official or all-inclusive listing, rather it is intended to help identify resources that have experience working with sex offenders.

All providers in this directory have been contacted for accurate service description. If you would like more information about the services offered, we ask that you call the provider directly. While most health insurance plans provide various forms of coverage, consumers are advised to consult with their insurance company to determine if the therapist or service listed is covered under their insurance plan.

The Division is open to adding additional providers who possess adequate experience. If you have questions about this directory or how to be added, please contact Jana Stoner, LIMHP, Clinical Program Manager, at the Lincoln Regional Center Sex Offender Services 402-479-5531 or e-mail jana.stoner@nebraska.gov. She may also be contacted for questions regarding treatment or services for sex offenders.
