Need help with
the cost of child care?

WHAT IS CHILD CARE SUBSIDY?

Child care subsidy, through the Department of Health and Human Services, makes it possible for income-eligible families to afford reliable and quality child care. Families may be eligible to receive assistance with up to the full cost of child care through child care subsidy.

WHAT ARE THE BASIC GUIDELINES AND INCOME REQUIREMENTS?

You must be a Nebraska resident and have a child or children who need child care while you work or attend an education or job training program.

The child must be a citizen of the United States, or an alien lawfully admitted for permanent residency.

A child with a special need may be eligible up to the age of 19 with medical documentation.

Your family meets the annual income requirements based on the Federal Poverty Income Guidelines, located at:
