Medicaid HCBS Final Settings Rule Residential Self Assessment

Residential Self-Assessment

PLEASE DO NOT INCLUDE PARTICIPANT NAMES or IDENTIFYING INFORMATION!

*Please note that once you start the survey, your progress will not be saved unless all questions are answered.*

Every federal question in the assessment must have comments entered. Please be as detailed as possible. Do not copy and paste the examples we provided - if you do, we will return the assessment to be remediated. The boxes are limited to 1000 characters.

You are also encouraged to submit supplemental evidence if applicable. This may be submitted in the same fashion as outlined above. The type of supplemental evidence that can be submitted can vary from question to question but typically are items like: event/activity calendars, photographs, monthly meeting notes, etc.

Once the survey is submitted, it will be assigned for processing. Any requests for additional information will be made via email to the contact person. Completed assessments will be reviewed by DDD staff within 15 business days to determine whether the DDD agency is in compliance or if an on-site visit is needed.

DDD Staff will issue a response (notification letter) to the agency via email. If an on-site visit is determined necessary, DDD staff will notify the agency via phone to schedule the on-visit. If the setting is found to be “fully compliant”, the agency is permitted to begin providing services in that setting once they have received their Fully Compliant letter from DDD. If the setting is found to be “partially compliant”, the agency will be required to correct the identified issues and submit evidence of remediation to DDD staff. The agency is not permitted to begin services in the setting until the setting is found to be “fully compliant.”

If you have questions about how to fill out the assessment, or require technical assistance, please send an email to ashley.knudtson@nebraska.gov.
