Informed Consent and Release of Medical Information

■ **You must read and sign this page to be a part of the Every Woman Matters Program.** Version: August 2017

- I want to be a part of the Every Woman Matters (EWM) Program. I know:
  - If I am under the age of 40, I can *only* receive breast diagnostic tests.
  - I cannot be over income guidelines
  - If I have insurance, EWM will only pay after my insurance pays
  - I must be a female (per Federal Guidelines)
  - I will notify EWM if I do not wish to be a part of this program anymore
- I know that if I am under 40 years of age, I will not be a part of EWM after I have had my breast cancer diagnostic tests.
- I know that if I am 40-74 years of age, I may be eligible for full screening services which may include: breast and cervical cancer screening, screenings for blood pressure, cholesterol, diabetes, and obesity based upon US Preventive Services Task Force and Program Guidelines. I have talked with my health care provider about the screening test(s) and understand possible side effects or discomforts.
- I understand that I may be asked to increase my level of physical activity and make changes to my diet as part of the health education offered to me. I understand that before I make these activity and/or diet changes I am encouraged to talk to my health care provider about any related concerns or questions.
- I have talked with the clinic about how I am going to pay for any tests or services that are not paid by EWM.
- I may be given information to learn how to change my diet, increase activity, and/or stop smoking. EWM may remind me when it is time for me to schedule my screening exams and send me mail to help me learn more about my health.
- Based on my personal and health history, I may receive screening and/or health education materials. I know that if I move without giving my mailing address to EWM, I may not get reminders about screening and education. I accept responsibility for following through on any advice my health care provider may give me.
- My health care provider, laboratory, clinic, radiology unit, and/or hospital can give results of my breast and/or cervical cancer screening, follow up exams, diagnostic tests and/or treatment to EWM.
- To assist me in making the best health care decisions, EWM may share clinical and other health care information including lab results and health history with my health care providers.
- My name, address, email, social security number and/or other personal information will be used only by EWM. It may be used to let me know if I need follow up exams. This information may be shared with other organizations as required to receive treatment resources.
- Other information may be used for studies approved by EWM and/or The Centers for Disease Prevention and Control (CDC) for use by outside researchers to learn more about women's and men's health. These studies will not use my name or other personal information.

CHECK ONE

In order to be eligible for EWM you must be a U.S. Citizen or a qualified alien under the Federal Immigration and Nationality Act. Please check which box applies to you.

◆ For the purpose of complying with Neb. Rev. Stat. §§4-108 through 4-114, I attest as follows:

❍ I am a citizen of the United States.

OR

❍ I am a qualified alien under the federal Immigration and Nationality Act. I am attaching a front and back copy of my USCIS documentation. **(example: permanent resident card)**

I hereby attest that my response and the information provided on this form and any related application for public benefits are true, complete, and accurate and I understand that this information may be used to verify my lawful presence in the United States.
