### CFS – Detail Program Case Window Flow to List Allegation Window (Fix)

---

A fix was added to NFOCUS to resolve the issue of when an intake is tied to a Safety Assessment (OLD) or an SDM Assessment and not directly tied to a program case.

This fix synchronizes the screens in the Detail Program Case Window and will allow the user to view the allegations in the following situations:

- Tied indirectly to a program case via a Safety Assessment (OLD)
- Tied indirectly to a program case via an SDM Assessment

- The 'ACCESSNebraska' reference has been removed from all verbiages (English and Spanish) that contain it and replaced with the reference 'DHHS' where appropriate.

## Correspondence

### OEA – Verification Requests Due Date (Tip)

When completing a Verification Request correspondence, if the default 15 day due date needs to be changed to 30 days, select the Re-calc 15 day due date button after entering the person, program, category, verification types and comments. If this is done prior to entering these items, the due date reverts back

to the default 15 day due date and the Re-calc 15 day button will need to be selected again before saving/closing. Be sure to carefully review the due date for accuracy prior to saving/closing.

The screenshot shows the N-FOCUS - Detail Verification Request Tracking application window. The window has a menu bar with 'File', 'Actions', 'Goto', and 'Help'. Below the menu bar is a toolbar with various icons. The main content area is divided into several sections. The 'Master Case' section shows 'Name: THOMAS PENCE' and 'Number: 1065'. The 'Tracking Status' section has an 'ADD' button. The 'Sent To' section shows 'THOMAS PENCE' and 'Program Case Name'. The 'Language' section has a dropdown menu set to 'ENGLISH'. The 'Due Date' section shows '09-18-2025' and a 'Re-calc 15 day' button. The 'Verification Request' section has an 'Add' button and a 'Verification Summary' button. Below these buttons is a table with columns 'Received' and 'Verification Type(s)'. The table contains two rows of data: 'RENT OR MORTGAGE - LEASE, STATEMENT FROM LANDLORD, HOUSING AUTHORITY LETTER, RENT PAYSTUBS (SEE COMMENTS BELOW FOR DETAILS)'. The 'Record Date' section shows '09-03-2025' and 'Comments...' with a 'Maximize / Add Comments' button. The status bar at the bottom shows '09-03-2025' and '12:57:54'.

## Expert System

---

### OEA – SNAP Annual Adjustments (Change)

The SNAP annual adjustments (income standards, utility allowances, resource limits, and shelter deductions) effective October 1<sup>st</sup> will now be reflected in budgets run for October and forward. SNAP MESA will run the week after the release.
