## Section B: State-Level Indicators

### Topic I. Program Characteristics and Enrollment

Number	Indicator	Response
BI.1	<p data-bbox="310 100 727 174"><b>Statewide Medicaid enrollment</b></p> <p data-bbox="310 195 727 520">Enter the average number of individuals enrolled in Medicaid per month during the reporting year (i.e., average member months). Include all FFS and managed care enrollees and count each person only once, regardless of the delivery system(s) in which they are enrolled.</p>	393,499
BI.2	<p data-bbox="310 562 727 636"><b>Statewide Medicaid managed care enrollment</b></p> <p data-bbox="310 657 727 1045">Enter the average number of individuals enrolled in any type of Medicaid managed care per month during the reporting year (i.e., average member months). Include all managed care programs and count each person only once, even if they are enrolled in multiple managed care programs or plans.</p>	390,733

### Topic III. Encounter Data Report

Number	Indicator	Response
BIII.1	<b>Data validation entity</b>  Select the state agency/division or contractor tasked with evaluating the validity of encounter data submitted by MCPs. Encounter data validation includes verifying the accuracy, completeness, timeliness, and/or consistency of encounter data records submitted to the state by Medicaid managed care plans. Validation steps may include pre-acceptance edits and post-acceptance analyses. See Glossary in Excel Workbook for more information.	EQRO

## Topic X: Program Integrity

Number	Indicator	Response
BX.1	<p data-bbox="313 107 695 178"><b>Payment risks between the state and plans</b></p> <p data-bbox="313 201 727 863">Describe service-specific or other focused PI activities that the state conducted during the past year in this managed care program. Examples include analyses focused on use of long-term services and supports (LTSS) or prescription drugs or activities that focused on specific payment issues to identify, address, and prevent fraud, waste or abuse. Consider data analytics, reviews of under/overutilization, and other activities. If no PI activities were performed, enter 'No PI activities were performed during the reporting period' as your response. 'N/A' is not an acceptable response.</p>	<p data-bbox="760 107 1370 296">Nebraska Program Integrity analyzed the dispensing fees paid by the managed care entities to long-term care pharmacies and collected refunds from the MCEs for those paid in excess of the allowable.</p>
BX.2	<p data-bbox="313 919 618 991"><b>Contract standard for overpayments</b></p> <p data-bbox="313 1014 727 1171">Does the state allow plans to retain overpayments, require the return of overpayments, or has established a hybrid system? Select one.</p>	<p data-bbox="760 919 1247 949">State has established a hybrid system</p>
BX.3	<p data-bbox="313 1224 634 1337"><b>Location of contract provision stating overpayment standard</b></p> <p data-bbox="313 1360 727 1518">Describe where the overpayment standard in the previous indicator is located in plan contracts, as required by 42 CFR 438.608(d)(1)(i).</p>	<p data-bbox="760 1224 1360 1379">UnitedHealthcare Community Plan: 71163(O4) IV.S.13.a HealthyBlue Nebraska: 71164(O4) IV.S.13.a Nebraska Total Care: 71165(O4) IV.S.13.a</p>
BX.4	<p data-bbox="313 1570 704 1642"><b>Description of overpayment contract standard</b></p> <p data-bbox="313 1665 727 1917">Briefly describe the overpayment standard (for example, details on whether the state allows plans to retain overpayments, requires the plans to return overpayments, or administers a hybrid system) selected in indicator B.X.2.</p>	<p data-bbox="760 1570 1370 2074">The MCO has the right to collect or recoup any overpayments identified by the MCO from providers of service in accordance with existing laws or regulations. However, if an overpayment is identified by the State or its designee one year or later from the date of payment, the MCO will collect and remit the overpayment to MLTC. In the event the MCO does not collect mispayments from the provider within 30 calendar days of notification of the overpayment, the MCO must refund the overpayment to MLTC. Failure by the MCO to collect an overpayment from a provider does</p>

not relieve the MCO from remitting the identified overpayment to MLTC.

---

<b>BX.5</b>	<b>State overpayment reporting monitoring</b>	Currently, the reporting of overpayments is monitored on a case by case basis by the Program Integrity team. The managed care organization reports a recovery in regular reporting, the assigned Program Integrity investigator verifies the recovery in the encounter data.
	Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting? The regulations at 438.604(a)(7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment topics (whether annually or promptly). This indicator is asking the state how it monitors that reporting.	
<b>BX.6</b>	<b>Changes in beneficiary circumstances</b>	Changes in beneficiary circumstances are reconciled through regular reporting and recoupment of capitation payments for deceased individuals and ad hoc reporting by the plans for incarcerated or deceased individuals. The state creates the capitation payments based on enrollee selection, so manages plan switches prospectively.
	Describe how the state ensures timely and accurate reconciliation of enrollment files between the state and plans to ensure appropriate payments for enrollees experiencing a change in status (e.g., incarcerated, deceased, switching plans).	
<b>BX.7a</b>	<b>Changes in provider circumstances: Monitoring plans</b>	Yes
	Does the state monitor whether plans report provider "for cause" terminations in a timely manner under 42 CFR 438.608(a)(4)? Select one.	
<b>BX.7b</b>	<b>Changes in provider circumstances: Metrics</b>	No
	Does the state use a metric or indicator to assess plan reporting performance? Select one.	
<b>BX.8a</b>	<b>Federal database checks: Excluded person or entities</b>	No
	During the state's federal database checks, did the state find any person or entity excluded? Select one. Consistent with the requirements at 42 CFR	

---

455.436 and 438.602, the State must confirm the identity and determine the exclusion status of the MCO, PIHP, PAHP, PCCM or PCCM entity, any subcontractor, as well as any person with an ownership or control interest, or who is an agent or managing employee of the MCO, PIHP, PAHP, PCCM or PCCM entity through routine checks of Federal databases.

---

**BX.9a**      **Website posting of 5 percent or more ownership control**      No

Does the state post on its website the names of individuals and entities with 5% or more ownership or control interest in MCOs, PIHPs, PAHPs, PCCMs and PCCM entities and subcontractors? Refer to §455.104 and required by 42 CFR 438.602(g)(3).

---

**BX.10**      **Periodic audits**      No such audits were conducted during the reporting year

If the state conducted any audits during the contract year to determine the accuracy, truthfulness, and completeness of the encounter and financial data submitted by the plans, provide the link(s) to the audit results. Refer to 42 CFR 438.602(e). If no audits were conducted, please enter 'No such audits were conducted during the reporting year' as your response. 'N/A' is not an acceptable response.

standards. Use contract section references, not page numbers.

---

**C1III.5 Incentives for encounter data quality**

Describe the types of incentives that may be awarded to managed care plans for encounter data quality. Reply with "N/A" if the plan does not use incentives to award encounter data quality.

Quality Performance Measure: Submitted encounters must be accepted 98% or greater by MLTC's Medicaid Management Information System pursuant to MLTC specifications. 15% of payment pool for earn back dollars at the end of each year.

---

**C1III.6 Barriers to collecting/validating encounter data**

Describe any barriers to collecting and/or validating managed care plan encounter data that the state has experienced during the reporting year. If there were no barriers, please enter 'The state did not experience any barriers to collecting or validating encounter data during the reporting year' as your response. 'N/A' is not an acceptable response.

The state did not experience any barriers to collecting or validating encounter data during the reporting year

## Topic IV. Appeals, State Fair Hearings & Grievances

Number	Indicator	Response
C1IV.1	<p><b>State's definition of "critical incident," as used for reporting purposes in its MLTSS program</b></p> <p>If this report is being completed for a managed care program that covers LTSS, what is the definition that the state uses for "critical incidents" within the managed care program? Respond with "N/A" if the managed care program does not cover LTSS.</p>	N/A
C1IV.2	<p><b>State definition of "timely" resolution for standard appeals</b></p> <p>Provide the state's definition of timely resolution for standard appeals in the managed care program. Per 42 CFR §438.408(b)(2), states must establish a timeframe for timely resolution of standard appeals that is no longer than 30 calendar days from the day the MCO, PIHP or PAHP receives the appeal.</p>	The MCO must resolve each appeal and provide notice, as expeditiously as the member's health condition requires, within 30 calendar days from the day the MCO receives the appeal.
C1IV.3	<p><b>State definition of "timely" resolution for expedited appeals</b></p> <p>Provide the state's definition of timely resolution for expedited appeals in the managed care program. Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the MCO, PIHP or PAHP receives the appeal.</p>	The MCO must resolve each expedited appeal and provide notice, as expeditiously as the member's health condition requires, in no event longer than 72 hours after the MCO receives the appeal.
C1IV.4	<p><b>State definition of "timely" resolution for grievances</b></p> <p>Provide the state's definition of timely resolution for grievances in the managed care program. Per 42 CFR §438.408(b)(1), states must establish a timeframe for timely resolution of grievances that is no longer than 90 calendar days from the</p>	The MCO must address each grievance and provide notice, as expeditiously as the member's health condition requires, within 90 calendar days from the day the MCO receives the grievance.

## **Topic V. Availability, Accessibility and Network Adequacy**

### **Network Adequacy**

Number	Indicator	Response
C1V.1	<p><b>Gaps/challenges in network adequacy</b></p> <p>What are the state's biggest challenges? Describe any challenges MCPs have maintaining adequate networks and meeting access standards. If the state and MCPs did not encounter any challenges, please enter 'No challenges were encountered' as your response. 'N/A' is not an acceptable response.</p>	<p>The challenges that the state has experienced in maintaining an adequate network and meeting standards are the varying geographical regions of the state, ranging from urban, to rural, to frontier areas. It is difficult to find providers, especially specialists, in the rural and frontier areas. In addition, the pool of specialist providers across the state to recruit to join the network in general is low. Other challenges include low Medicaid reimbursement and administrative burden for the providers.</p>
C1V.2	<p><b>State response to gaps in network adequacy</b></p> <p>How does the state work with MCPs to address gaps in network adequacy?</p>	<p>The state has worked with the MCPs in various ways to address these gaps. The MCP is contractually required to submit monthly, quarterly, and annual provider network reports. This assists in discussion and information on the status of the network. If through reporting or discussion a gap is identified, then the state requires ad-hoc reports to monitor the network more closely. The MCP develops and maintains an annual provider Network Development and Management Plan which ensures that the provision of core benefits and services will occur. The Network Provider Development and Management Plan must identify gaps in the MCP's provider network and describe the process by which MCP must assure all covered services are delivered to MCO members. Planned interventions to be taken to resolve such gaps must also be included. Monthly operational status updates required of the MCP include number of new providers joining the network; a list of any providers who have requested to close their panels, in addition to the yearly total, and a list of provider outreach and education activities during the reporting period.</p>

## **Access Measures**

Describe the measures the state uses to monitor availability, accessibility, and network adequacy. Report at the program level.

Revisions to the Medicaid managed care regulations in 2016 and 2020 built on existing requirements that managed care plans maintain provider networks sufficient to ensure adequate access to covered services by: (1) requiring states to develop quantitative network adequacy standards for at least eight specified provider types if covered under the contract, and to make these standards available online; (2) strengthening network adequacy monitoring requirements; and (3) addressing the needs of people with long-term care service needs (42 CFR 438.66; 42 CFR 438.68).

42 CFR 438.66(e) specifies that the MCPAR must provide information on and an assessment of the availability and accessibility of covered services within the MCO, PHIP, or PAHP contracts, including network adequacy standards for each managed care program.

Number	Indicator	Response
C1IX.1	<b>BSS website</b>	<a href="https://neheritagehealth.com">https://neheritagehealth.com</a>
	List the website(s) and/or email address(es) that beneficiaries use to seek assistance from the BSS through electronic means. Separate entries with commas.	
C1IX.2	<b>BSS auxiliary aids and services</b>	The BSS is accessible in multiple ways including phone, Internet, in-person, and via auxiliary aids and services when requested. The BSS allows members to select a preferred communication method, such as e-mail, text, mail, etc., and confirms selection via the member's chosen method. The BSS Provides for electronic communications regarding enrollment. Communication must be sent via the member's preferred communication method. The BSS has the capability for bi-directional communications including real-time chat to be available Monday – Friday 7:00 AM to 7:00 PM Central Time, excluding State holidays (i.e., members can submit questions and comments to the BSS and receive responses. The BSS complies with contractual requirements for all written materials, regardless of the means of distribution (printed, web, advertising, direct mail, etc.), including that the reading level must not exceed a 6.9 grade level, as determined by the Flesch-Kincaid Readability Test; distributes introductory materials to each new member within two (2) business days. The introductory materials packet describes the BSS website, the materials that members can find on the website, and how to obtain written materials in the event the member does not have access to the website. Material is available in alternative formats and communication modes, in an appropriate manner that considers the special needs of those who may have a visual, speech, or hearing impairment; physical or developmental disability; and/or limited reading proficiency. The BSS maintains a provider directory in three (3) formats: a hard copy directory for members who request it; a web-based, searchable, online directory for members and the general public; and an electronic file of the directory to be submitted and updated weekly to MLTC or its designee. The BSS operates a member call center with a
	How do BSS entities offer services in a manner that is accessible to all beneficiaries who need their services, including beneficiaries with disabilities, as required by 42 CFR 438.71(b)(2)? toll-free telephone number to respond to applicants, enrollees, and member's questions, concerns, and inquiries, regarding Heritage Health, managed care, choice counseling, MCO enrollment, and PCP assignment. The call center must have the ability to access and provide current information and assistance, including Medicaid eligibility and enrollment status, member enrollment, and potential transfer between MCOs. The BSS provides ongoing education about managed care, the enrollment process, and the member's MCO/PCP options, as necessary in all written and verbal communications with members. This includes, the outreach packet, the notice of anniversary letter, the BSS website, other member mailings, and communications with choice counselors and other BSS staff that interact with members. The BSS provides real-time oral interpretation services free of charge to members. This applies to all non-English languages. The BSS notifies members that oral interpretation is available for any language and written information is available in Spanish. The BSS also notifies members how to access these services. Materials that provide this information are written in English and Spanish. The BSS ensures that translation services are provided for all written materials in any language that is spoken as a primary language for four (4) percent or more of members. Within 90 calendar days of notice from MLTC that an additional language is necessary, materials are translated and available, upon request. Members may not be charged for these materials. The BSS website is in compliance with Section 508 of the Americans with Disabilities Act (ADA), and it meets all standards the Act sets for people with visual impairments and disabilities that make usability a concern. The BSS website includes the telephone contact information for the BSS, including the toll-free member services number prominently displayed and a telecommunications device for the deaf (TDD) number. It also contains links to the MCPs and to the Medicaid Eligibility website. The BSS offers a secure online portal to facilitate member MCO enrollment and PCP selection. The BSS has policies and processes in place to address enrollee and member grievances.

For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting year by (or on behalf of) LTSS users who previously filed appeals in the reporting year. If the managed care plan does not cover LTSS, enter "N/A".

N/A

Also, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, enter "N/A".

**Nebraska Total Care**

N/A

The appeal and critical incident do not have to have been "related" to the same issue - they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in relation to delivery of LTSS — they may have been filed for any reason, related to any service received (or desired) by an LTSS user.

To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed an appeal during the reporting year, and whether the filing of the appeal preceded the filing of the critical incident.

D1IV.12	<p><b>Grievances filed on behalf of LTSS users</b></p> <p>Enter the total number of grievances filed during the reporting year by or on behalf of LTSS users. An LTSS user is an enrollee who received at least one LTSS service at any point during the reporting year (regardless of whether the enrollee was actively receiving LTSS at the time that the grievance was filed). If this does not apply, enter N/A.</p>	<p><b>UnitedHealthcare Community Plan</b></p> <p>N/A</p> <p><b>HealthyBlue Nebraska</b></p> <p>N/A</p> <p><b>Nebraska Total Care</b></p> <p>N/A</p>
D1IV.13	<p><b>Number of critical incidents filed during the reporting period by (or on behalf of) an LTSS user who previously filed a grievance</b></p> <p>For managed care plans that cover LTSS, enter the number of critical incidents filed within</p>	<p><b>UnitedHealthcare Community Plan</b></p> <p>N/A</p> <p><b>HealthyBlue Nebraska</b></p> <p>N/A</p>

the reporting year by (or on behalf of) LTSS users who previously filed grievances in the reporting year. The grievance and critical incident do not have to have been "related" to the same issue - they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the grievance need to have been filed in relation to delivery of LTSS - they may have been filed for any reason, related to any service received (or desired) by an LTSS user.

If the managed care plan does not cover LTSS, the state should enter "N/A" in this field.

Additionally, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, the state can enter "N/A" in this field.

To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed a grievance during the reporting year, and whether the filing of the grievance preceded the filing of the critical incident.
