The Community Services Block Grant (CSBG) program is housed within the Division of Children and Family Services (CFS). CFS includes child welfare, adult protective services, economic support programs, and the youth rehabilitation and treatment centers. NE DHHS adopted the "Values and Core Competencies" it strives for in all programs. These are constant commitment to excellence; high personal standard of integrity; positive and constructive attitude and actions; openness to new learning; and dedication to the success of others. In November 2021, NE DHHS released a business plan titled Many Good Deeds: Helping People Live Better Lives. NE DHHS has identified a four-prong approach to ensure our most vulnerable citizens receive top-quality services: create an integrated service delivery system; establish and enhance collaborative relationships with the community, stakeholders, and policymakers; align DHHS teammates under our mission of Helping People Live Better Lives; and enhance NE DHHS’s internal infrastructure to provide more effective, efficient, customer-focused services to Nebraskans.

3.4. Eligible Entity Involvement

3.4a. State Plan Development: Describe the specific steps the state took in developing the State Plan to involve the eligible entities. [Narrative, 3000 Characters]

Note: This information is associated with State Accountability Measures 1Sa(ii) and may pre-populate the state’s annual report form.

On January 31, 2022, the Nebraska State CSBG Office met in person with all nine eligible entities and the state association to review the current state plan and discuss revisions for the future. The Nebraska State CSBG Office met with the executive directors/chief executive officers of the eligible entities monthly to provide updates and obtain feedback throughout the year. Additionally, the Nebraska State CSBG Office met with the state association monthly to provide updates, obtain feedback, etc. The Nebraska State CSBG Office drafted the state plan after receiving the input from the eligible entities. 3.4b. Performance Management Adjustment: Describe how the state has adjusted its State Plan development procedures under this State Plan, as compared to previous State Plans, in order to 1) encourage eligible entity participation and 2) ensure the State Plan reflects input from eligible entities? If the state is not making any adjustments, provide further detail. [Narrative, 3000 Characters]

Note: This information is associated with State Accountability Measures 1Sb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.

According to the ASCI Survey results, received May 27, 2021, the Nebraska “Development of CSBG State Plan” score raised 21 points from the 2019 ASCI
Survey results. This was in part due to the Nebraska State CSBG Office working diligently to increase communication between the eligible entities, the Nebraska State CSBG Office, and the state association in the state planning process. Based on the positive feedback received from the eligible entities, the Nebraska State CSBG Office utilized a process that was very similar to the process of creating the prior state plan. The Nebraska State CSBG Office met with the eligible entities and Community Action of Nebraska (state association) in January of 2022 to review the current state plan and plan for future revisions. The Nebraska State CSBG Office held monthly calls with representatives from the eligible entities and/or the state association. The Nebraska State CSBG Office increased engagement with national and federal partners to obtain guidance, which is shared with the entire network. The Nebraska State CSBG Office has prioritized increasing the participation from all nine eligible entities to ensure the state plan reflects eligible entity input.

3.5. Eligible Entity Overall Satisfaction: Provide the state’s target for eligible entity Overall Satisfaction during the performance period. [3 digits] Year One 73 Year Two 73

Instructional Note: The state’s target score will indicate improvement or maintenance of the states’ Overall Satisfaction score from the most recent American Customer Survey Index (ACSI) survey of the state’s eligible entities.

Note: Item 3.5 is associated with State Accountability Measure 8S and may pre-populate the state’s annual report form.

GUIDANCE: The targets reported here should match the future target set in the Annual Report, Section B, Table B.2.

6.3a. **Assessment Process:** Describe the planned assessment process. [Narrative, 4000 characters]

**GUIDANCE:** Descriptions should also include improvements to the process made since the previous year including any new processes to increase efficiency or consistency of assessments.

The Nebraska State CSBG Office plans to use the same process for assessment in the federal fiscal year 2022 (FFY 2022) and FFY 2023. The Nebraska State CSBG Office will email the Organizational Standard Self-Assessment for Private CAAs Tool to all eligible entities with an identified deadline for completion. The Nebraska State CSBG Office will validate the results of the self-assessments of all nine eligible entities with a sample selection process. This sample selection process will include the review of the standards the eligible entity self-selects as not met, the standards not met by the entity from the previous federal fiscal year, and the standards selected by the Nebraska State CSBG Office. The standards selected for review by the Nebraska State CSBG Office will be based upon any areas of needed improvement indicated by the network, guidance provided by federal partners, and issues identified by the Nebraska State CSBG Office. The Nebraska State CSBG Office will review at least twenty total standards with at least one standard from each category.
After the Nebraska State CSBG Office validates the self-assessment (reviews the standards self-selected as not met by the entity, the standards not met the previous year, and the standards selected for review), the Nebraska State CSBG Office will conduct a conference call with each agency to review any issues identified. If any further documentation is required, the Nebraska State CSBG Office will establish a date by which the entities must submit the documentation to meet that standard. If an entity is not able to meet a standard by the established due date, the Nebraska State CSBG Office will develop a technical assistance plan (TAP) with that entity. TAPs will outline the unmet standard; documentation that is needed from the entity; actions required by the entity; training and technical assistance (TTA) that the Nebraska State CSBG Office needs to provide; and establish deadlines. Organizational standards are maintained individually by the entities. Organizational standards not reviewed by the Nebraska State CSBG Office that are identified as met by an entity are considered met. The Nebraska State CSBG Office determines the total percentage of standards met by dividing the number of met standards (including self-assessed standards) by the total number of standards. The entities organize supporting documentation for each standard on a flash drive, which is provided to the Nebraska State CSBG office for review.

### 6.4. Eligible Entity Exemptions

Will the state make exceptions in applying the organizational standards for certain eligible entities due to special circumstances or organizational characteristics (as described in IM 138)?

7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities. [Narrative, 4000 characters]

Nebraska’s current CSBG allocation formula is in effect from 2013 through 2023. NE DHHS has started the process of determining the allocation formula to be utilized as of FFY 2024. The decennial census data was received in FFY 2023. NE DHHS met with the eligible entities and Community Action of Nebraska (CAN) in FFY 2023 to advise of the available funding options; allocation laws/regulations/requirements; and the new decennial data. The Nebraska State CSBG Office, CAN, and the executive directors (or chief executive officers) of the eligible entities have formed a group/committee to develop the funding method to be utilized as of FFY 2024. At a minimum, the allocation criteria and formula will be updated to include the new decennial census data. If the committee determines allocation criteria and formula changes are necessary, the committee will be responsible for developing new allocation criteria and a formula proposal. As designated by the State of Nebraska’s Governor, the Director of Children and Family Services will provide final approval for this new allocation criteria.

7.1b. Statute: Does a state statutory or regulatory authority specify the formula for allocating “not less than 90 percent” funds among eligible entities? [Check one]

7.2. Planned Allocation: Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and in accordance to the “not less than 90 percent funds” requirement as described under Section 675C(a) of the CSBG Act. ### 7.3. Distribution Process:

Describe the specific steps in the state’s process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take. Please include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).

[Narrative, 4000 characters]
Nebraska utilizes the following steps to distribute 90% of funds to the eligible entities. Nebraska implemented a process in which the sub-awards (agreements) are executed prior to the receipt of the funds. This allows the administration, legal staff, grants staff, procurement staff, and the eligible entities to have adequate time to review and approve the agreement. Additionally, the current sub-awards allow for three two-year renewals. This further assists in expediting the agreement approval process. Upon receipt of the Notice of Award, Attachment 1s are completed to award the funds to the eligible entities based upon the already approved agreement. Additionally, all CSBG funding has been approved for priority processing to ensure the timely obligation of the funds to comply with the State Accountability Measures. In FFY 2022, the process to award the funds to the eligible entities took 27 days from the date the Notice of Award was received (11/5/2021) until it was signed (12/2/2021). The approval process requires: the creation of the Attachment 1s; review by the CSBG Program Manager, the Economic Assistance Administrator, the Deputy Director of Finance, the Deputy Director of Programs and Services, and the Director of Children and Family Services; review by Grants Management and Finance Team; and electronic signature by the Director of Children and Family Services.

The eligible entities can request reimbursement following the signing of the Attachment 1 document. Payments are initiated by the Nebraska State CSBG Office through an automated system (OnBase). After a payment is entered and approved on OnBase, the payment must be approved by Support Services, Grants Management, and Accounting. Accounting notifies the Nebraska State CSBG Office when payments have been approved. Eligible entities receive the payment within two to three business days from this approval. Overall, payments are expected to be issued within approximately thirty days of receipt of an accurate and complete reimbursement request.

7.3a. **Distribution Method**: Select the option below that best describes the distribution method the state uses to issue CSBG funds to eligible entities:

- ☒ Reimbursement
- ☐ Advance
- ☐ Hybrid
- ☐ Other [Narrative, 4000 characters]

7.4. **Distribution Timeframe**: Does the state intend to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award?

- ☐ Yes
- ☒ No

7.4a. **Distribution Consistency**: If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.

[Narrative, 4000 characters]
7.5. Distribution of Funds Performance Management Adjustment: Describe the state’s strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail. [Narrative, 4000 characters]

As previously stated, the Nebraska State CSBG Office received approval for all CSBG fund updates to have priority processing. This will assist the Nebraska State CSBG Office in obligating CSBG funding to the eligible entities in a timely manner. The Nebraska State CSBG Office is requiring the Community Action Plan and annual budget to be submitted for review and approval earlier in the year. This allows the Nebraska State CSBG Office to execute all agreements/renewals prior to the beginning of the federal fiscal year and before federal funding is received. As a result, once funding is received, the funds are added to an already approved agreement via an Attachment 1. This is a much quicker process than approving an entire agreement. Lastly, the Nebraska State CSBG Office implemented the use of agreement renewals. The agreement renewals allow for the sub-award that is in place to be continued into the next year when there are minimal changes to be made. This further increases the efficiency of the overall agreement and fund distribution process.

Use of Remainder/Discretionary Funds [Section 675C(b) of the CSBG Act]

7.9. Remainder/Discretionary Funds Use: Does the state have remainder/discretionary funds as described in Section 675C(b) of the CSBG Act?  ○ Yes  ○ No  Yes
**GUIDANCE:** “No” should only be selected if the percentages provided under 7.2. and 7.6. equal 100%.

If yes, provide the allocated percentage and describe the use of the remainder/discretionary funds in the table below. **Year One** 5%  **Year Two** 5%

**Note:** This response will link to the corresponding assurance, Item 14.2.

**INSTRUCTIONAL NOTE:** The assurance under 676(b)(2) of the Act (Item 14.2 of this State Plan) specifically requires a description of how the state intends to use remainder/discretionary funds to “support innovative community and neighborhood-based initiatives related to the purposes of [the CSBG Act].” Include this description in Item 7.9f of the table below and/or attach the information.

If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. – 7.9c. If allocation is not possible, the state may allocate the funds to the primary category with which the activity is associated.

The Nebraska State CSBG Office will continue to award discretionary funding to CAN (state association) to support the network’s training and technical assistance; system administration; and communication/coordination of statewide activities for FFY 2023 and FFY 2024. The Nebraska State CSBG Office held a meeting with CAN and the eligible entities to discuss the use of discretionary funds, funding being obligated to CAN, etc. The remainder of the discretionary funds may be made available for the eligible entities to request via proposals for allowable costs per the CSBG Act. If other needs are identified (allowable per the CSBG Act), NE DHHS may consider utilizing the remaining discretionary funds for that purpose.
SECTION 8: State Training and Technical Assistance

8.1. **Training and Technical Assistance Plan:** Describe the state’s plan for delivering CSBG-funded training and technical assistance to eligible entities under this State Plan by completing the table below. The T/TA plan should include all planned CSBG-funded T/TA activities funded through the administrative or remainder/discretionary funds of the CSBG award (as reported in Section 7). The CSBG T/TA plan should include training and technical assistance conducted directly by the state or through partnerships (as specified in 8.3). ### 8.1b. Training and Technical Assistance Collaboration:
Describe how the state will collaborate with the State Association and other stakeholders in the planning and delivery of training and technical assistance. [Narrative, 2500 characters]

The Nebraska State CSBG Office awards discretionary funding to CAN to support positions for training and technical assistance and system administration. The training and technical assistance position is responsible for carrying out the majority of the items identified in the training and technical assistance plan developed for the Nebraska community action network. This training and technical assistance plan is developed based on feedback from the eligible entities, federal partners, Nebraska State CSBG Office, and CAN.

The system administrator position is responsible for training and oversight of the eligible entities’ database and data analysis. The Nebraska State CSBG Office and CAN will also utilize the expertise of federal partners and local stakeholders to meet the needs of the eligible entities for training and technical assistance.

CAN will submit reports to the Nebraska State CSBG Office monthly to display the work being completed to assist the network.

### 8.2. Organizational Standards Technical Assistance:
Does the state have Technical Assistance Plans (TAPs) in place for all eligible entities with unmet organizational standards, if appropriate? 
- Yes
- No

**Note:** 8.2 is associated with State Accountability Measure 6Sb. The state should put a TAP in place to support eligible entities with one or more unmet organizational standards.

#### 8.2a. Address Unmet Organizational Standards:
Describe the state’s plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. [Narrative, 2500 characters]
If an eligible entity has an unmet organizational standard following self-assessment and/or the Nebraska State CSBG Office validation, the eligible entity will have an opportunity to provide documentation to display the organizational standard is being met. The Nebraska State CSBG Office will establish this timeframe. If the eligible entity is not able to submit adequate documentation by the established timeframe, the Nebraska State CSBG Office will develop a Technical Assistance Plan (TAP) with that agency. This plan will include the assistance the Nebraska State CSBG Office will provide to assist the agency in meeting the organizational standard, as well as outline the issue, documentation needed from the eligible entity, actions required by the eligible entity, and establish deadlines. The Nebraska State CSBG Office will communicate with entities to monitor and update the TAP on a bi-monthly basis.

8.3. **Training and Technical Assistance Organizations:** Indicate the types of organizations through which the state intends to provide training and/or technical assistance as described in Item 8.1, and briefly describe their involvement. (Check all that apply.)

8.4. **CSBG-Funded T/TA Performance Management Adjustment:** Describe adjustments the state made to the training and technical assistance plan under this State Plan as compared to past plans. Any adjustment should be based on the state’s analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail. [Narrative, 2500 Characters]

**Note:** This information is associated with State Accountability Measures 3Sd and may pre-populate the state’s annual report form.

The Nebraska State CSBG Office awards discretionary funding to CAN to support a position for training and technical assistance. CAN experienced turnover in this position during FFY 2022. Thus, this position was unable to be fully utilized in the current fiscal year. CAN is in the process of filling this position to support the eligible entities moving forward. Additionally, CAN hired a new system administrator in FFY 2022. CAN plans to adapt the method by which feedback is obtained from the eligible entities for the
Technical Assistance and Training Plan to ensure the training meets the needs of the network. The Nebraska State CSBG Office also plans to continue to seek additional guidance and training from federal partners through consultation, webinars, in-person trainings, conference calls, etc.
SECTION 9: State Linkages and Communication

Note: This section describes activities that the state may support with CSBG remainder/discretionary funds, described under Section 675C(b)(1) of the CSBG Act. The state may indicate planned use of remainder/discretionary funds for linkage/communication activities in Section 7, State Use of Funds, items 7.9(b) and (c).

9.1. State Linkages and Coordination at the State Level: Describe the linkages and coordination at the state level that the state intends to create or maintain to ensure increased access to CSBG services to low-income people and communities under this State Plan and avoid duplication of services (as required by the assurance under Section 676(b)(5)). Describe additional information as needed. [Check all that apply from the list below and provide a Narrative, 4000 characters]

In FFY 2019, the Nebraska Homeless Assistance Program (NHAP) began being managed by the same program manager as CSBG and the Low Income Home Energy Assistance Program (LIHEAP). This has improved partnerships between these programs. NHAP, CSBG, and LIHEAP are housed within the same Economic Assistance Unit as other programs such as: Aid to the Aged, Blind, and Disabled (AABD); Child Care; Food Distribution; Lifespan Respite Care; Refugee Resettlement; Supplemental Nutrition Assistance Program (SNAP); Social Services Block Grant (SSBG); Low Income Household Water Assistance Program (LIHWAP); and Temporary Assistance to Needy Families (TANF). These programs work together to meet client needs by ensuring the state office and community partners are well informed of the services and opportunities offered by these programs. In addition, since CSBG and LIHEAP are managed by the same program manager, there has been more collaboration between Weatherization and CSBG. The Nebraska State LIHEAP Office contracts with the Nebraska Department of Environment and Energy Office (NDEE) to manage the Weatherization program. The NDEE Office
awards funding to eight agencies to carry out the Weatherization program. Seven of the eight agencies are CSBG eligible entities. The Nebraska State CSBG Office plans to further collaborate with other programs that the eligible entities implement such as Commodity Supplemental Food Program (CSFP), Head Start, and Special Supplemental Nutrition Program for Women, Infants, and Children (WIC). The Nebraska State CSBG Office currently participates in a weekly meeting with the Nebraska Children and Families Foundation, NE DHHS Child Welfare, NE DHHS Behavioral Health, NHAP Staff, etc. These weekly meetings are aimed at creating coordination and linkages to prevent abuse and neglect across the state. The Nebraska State CSBG Office attends Eligibility Operations meetings to share information with and obtain information from multiple state-operated programs. In addition, the Nebraska State CSBG Office participates in Nebraska Partner Council meetings which include agencies such as the Department of Labor, Department of Education, etc.

9.2. **State Linkages and Coordination at the Local Level:** Describe how the state is encouraging partnerships and collaborations at the state level with public and private sector organizations, to assure the effective delivery and coordination of CSBG services to transform low-income communities and avoid duplication of services (as required by assurances under Section 676(b)(5) – (6)). [Narrative, 4000 characters]

**Note:** This response will link to the corresponding CSBG assurances, Items 14.5 and 14.6, and pre-populates the Annual Report, Module 1, Item G.2.

The Nebraska State CSBG Office continually communicates with other areas of NE DHHS and other government agencies to ensure that eligible entities are provided with correct information about Economic Assistance Programs, Medicaid Programs, Child Welfare Services, Public Health Programs, and any other statewide services and programs. By providing and continually educating eligible entities regarding these programs and services, the Nebraska State CSBG Office ensures the eligible entities are better able to assist clients and works to eliminate possible duplication of services. In addition, the constant communication with other government programs, etc. is anticipated to help the Nebraska State CSBG Office to be able to inform eligible entities of potential grant opportunities. In FFY 2022, The Nebraska State CSBG Office began having a program manager from a state or community program attend the monthly eligible entity executive director CSBG meeting to present information. The Nebraska State CSBG Office will continue to facilitate these types of meetings to assist with linkages and coordination.

9.3. **Eligible Entity Linkages and Coordination**

**9.3a. State Assurance of Eligible Entity Linkages and Coordination:** Describe how the state will assure that eligible entities will partner and collaborate with public and private sector organizations to assure the effective delivery and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)). [Narrative, 4000 characters]
Note: This response will link to the corresponding CSBG assurance, Item 14.5. and pre-populates the Annual Report, Module 1, Item G.3a.

The Nebraska State CSBG Office incorporates information regarding this into the CSBG Community Action Plan. Eligible entities are required to complete a narrative explaining how the agency plans to coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities, as well as avoid duplication of services. The Nebraska State CSBG Office also plans to further discuss the progress and impact of the linkages with staff from the eligible entities, as well as to determine if there is any need for support from the Nebraska State CSBG Office. Linkages and coordination is an area that is reviewed during the on-site monitoring review process. The Nebraska State CSBG Office asks several questions regarding partnerships within the community, referral processes, involvement in community meetings focused on coordinating services, creating programs jointly with other organizations, etc.

9.3b. State Assurance of Eligible Entity Linkages to Fill Service Gaps: Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act. [Narrative, 4000 characters]

Note: This response will link to the corresponding CSBG assurance, Item 14.3b. and pre-populates the Annual Report, Module 1, Item G.3b.

The Nebraska State CSBG Office incorporates information regarding this into the CSBG Community Action Plan. Eligible entities are required to complete a narrative explaining identified gaps in services; how the gaps in services were identified; how the agency plans to link with other partners to address the gaps in services; how the agency plans to use referrals, case management, and follow-up consultations to address gaps in services; and a list of partners involved in these efforts. The Nebraska State CSBG Office also requires each entity to submit their most recent community needs assessment and any annual updates. It is an expectation that the community needs assessment includes the identification of gaps in services. The Nebraska State CSBG Office plans to discuss the identified gaps in services, what gaps in services the entity plans to address this fiscal year, and the entity’s plan to address these gaps with staff from the eligible entity. The Nebraska State CSBG Office will communicate regarding potential resources, discuss the need for support, etc. This is also an area that is reviewed during the onsite monitoring review process. The Nebraska State CSBG Office asks several questions regarding how the identified gaps in services and other community needs assessment findings guide programs (changes, additions, etc.), partnerships, referrals, case management, etc.

9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities: Does the state intend to include CSBG employment and training activities as
part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)?

- Yes
- No

**Note:** This response will link to the corresponding CSBG assurance, Item 14.5.

### 9.4a. WIOA Combined Plan

If the state selected yes under Item 9.4, provide the CSBG-specific information included in the state’s WIOA Combined Plan. This information includes a description of how the state and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy. [Narrative, 4000 characters]

### 9.4b. Employment and Training Activities

If the state selected no under Item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the state and by eligible entities providing activities through the WIOA system. [Narrative, 4000 characters]

The coordinated effort is divided up into three WIOA regions called Greater Nebraska, Greater Lincoln, and Greater Omaha. The eligible entities who serve in the location of the current One-Stop Operations entered into local level Memorandums of Understanding (MOU) to create a local level customer-focused American Job Center Network. The Nebraska State CSBG Office has provided support for the local level effort through collaboration with state government partners and will obtain information from the Office of Community Services (OCS)/other involved parties when needed. The Nebraska State CSBG Office was not involved in any negotiations of the agreements and MOUs but encourages eligible entities to work with the local WIOA boards regarding their role in Employment and Training Activities via the American Job Centers.

### 9.5. Emergency Energy Crisis Intervention

Describe how the State will assure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the State, as required by the assurance under Section 676(b)(6) of the CSBG Act. [Narrative, 4000 characters]

**Note:** This response will link to the corresponding CSBG assurance, Item 14.6.

the state office. Households can apply/request assistance in person, online, via mail, or via phone to ensure assistance is available to households across the state of Nebraska. The eligible entities administer/participate in additional emergency assistance programs in which assistance can be provided. The Nebraska State CSBG Office incorporated information regarding this into the CSBG Community Action Plan. Eligible entities are required to complete a narrative explaining how the entity provides emergency services and supplies. The state community action association in Nebraska is Community Action of Nebraska (CAN). The Nebraska State CSBG Office is the largest funder of CAN. The Nebraska State
CSBG Office awards discretionary funding to CAN to coordinate outreach, provide technical assistance and training to all eligible entities, provide data entry and data quality technical support to all agencies, and coordinate the completion of the annual report. The Nebraska State CSBG Office and CAN have a good working relationship and meet regularly to discuss eligible entity needs. Both the Nebraska State CSBG Office and CAN participate in the Regional Performance and Innovation Consortium and continue to improve activities under that grant.

9.10. Feedback to Eligible Entities and State Community Action Association: Describe how the state will provide information to local entities and State Community Action Associations regarding performance on State Accountability Measures. [Narrative, 4000 characters]

**Note:** This information is associated with State Accountability Measure 5S(iii) and will pre-populate the Annual Report, Module 1, Item G.6.

**GUIDANCE:** Under this question, include how the state will provide information to local entities and state associations within 60 days of receiving feedback from OCS.

The Nebraska State CSBG Office facilitates meetings with the executive directors of all eligible entities and CAN to discuss the needs of the network, provide updates, allow the eligible entities opportunities to provide feedback, and promote open communication. The Nebraska State CSBG Office sent the results of the ACSI survey to the eligible entities and CAN for review. In addition, the Nebraska State CSBG Office held a meeting to discuss the results and to discuss areas of needed improvement. Additionally, the Nebraska State CSBG Office met with and will continue to communicate with the executive directors of the eligible entities and CAN to review the components and information in the state plan, the annual reports, etc.

9.11. Communication Plan Performance Management Adjustment: Describe any adjustments the state made to the Communication Plan in this State Plan as compared to past plans. Any adjustment should be based on the state’s analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail. [Narrative, 4000 characters]

**Note:** This information is associated with State Accountability Measures 7Sb; this response may pre-populate the state’s annual report form.

Based upon the results of the FY2021 ASCI Survey and follow-up with the eligible entities, the Nebraska State CSBG Office prioritized the following areas: distribution of funds; responsiveness of staff; linkages; and TTA. A memo was sent to the eligible entities on 7/19/2021 informing them of the identified priorities. The following steps are being taken to address the priority areas:

- **Distribution of Funds:** The concerns identified were regarding the amount of time it took for funds to be obligated. Federal funds for October 1 are not received from OCS until mid-November, and the sub-award process takes approximately three months. After a sub-award is executed, the entity can submit a request for reimbursement. The reimbursement takes approximately thirty days. To address this, the Nebraska State CSBG Office is requiring the Community Action Plan and budget to be submitted earlier in the year. This will allow the sub-ward to be executed prior to the start of the federal fiscal year. Additionally, when the sub-awards were created for
FFY 2021, CSBG incorporated two-year award periods with renewal options. This allows sub-awards to be in effect for two years instead of one and for the agreement to be renewed three times before an entirely new agreement is required (if no major changes occur). As a result, once federal funds are received, an Attachment 1 will be submitted to award the funds, and funding will be available within 30 days.

- Responsiveness of Staff: This area was not rated particularly low per the ACSI Survey Results; however, this is an area in need of improvement per self-assessment. All requests and the timeliness of responses are being tracked on a quality development inventory and productivity (QDIP) board for review and monitoring.

- Linkages: This score increased slightly from 2019; however, there continue to be opportunities for improvement. The Nebraska State CSBG Office is inviting staff from state or community programs to present at the monthly eligible entity executive director/chief executive officer’s CSBG meeting. This will allow an opportunity for information to be shared, partnerships to grow, and collaborations to occur.

- Training and Technical Assistance (TTA): Per the ACSI Survey Results, this score increased by 6 points from 2019; however, there continue to be opportunities for improvement in this area. The Nebraska State CSBG Office awards funds to CAN to provide TTA. The Nebraska State CSBG Office created and implemented new reporting forms to identify the TTA provided and needed. The Nebraska State CSBG Office is also working with CAN to ensure quality input is obtained in the creation of the TTA Plan and to ensure valuable TTA is provided to the entities.
SECTION 10: Monitoring, Corrective Action, and Fiscal Controls

Monitoring of Eligible Entities (Section 678B(a) of the CSBG Act)

10.1. Specify the proposed schedule for planned monitoring visits including: full on-site reviews; on-site reviews of newly designated entities; follow-up reviews – including return visits to entities that failed to meet state goals, standards, and requirements; and other reviews as appropriate.

This is an estimated schedule to assist states in planning. States may indicate “no review” for entities the state does not plan to monitor in the performance period.

Note: This information is associated with State Accountability Measure 4Sa(i); this response pre-populates the Annual Report, Module 1, Table H.1.

GUIDANCE: Monitoring that is specific to organizational standards should be referenced within Section 6, Item 6.3a.

[Narrative, 4000 characters]

**Note:** This item is associated with State Accountability Measure 4Sa(iii)).

If an entity is found to have significant deficiencies, the Nebraska State CSBG Office will submit a written report to the entity’s executive director/CEO explaining the deficiencies and the corrective actions the entity must complete. This includes requiring the entity to submit a Quality Improvement Plan (QIP). The entity has 60 days to provide a QIP to the Nebraska State CSBG Office. The Nebraska State CSBG Office will approve the entity’s QIP or request a revised QIP within 30 days of the receipt of the QIP. Once final, the QIP will be sent to the EA Program Administrator II for final approval. Once the QIP is approved, the Nebraska State CSBG Office will notify the entity and monitor the entity for progress and improvement. The Nebraska State CSBG Office will provide training and technical assistance to the entity to help correct the deficiency, as determined appropriate. The NE DHHS will prepare and submit a report to the Office of Community Services Program Specialist via email describing the QIP and the training and technical assistance offered. If NE DHHS determines that training and technical assistance is not appropriate, the Nebraska State CSBG Office will notify the Office of
Community Services Program Specialist and explain why this is not appropriate. The notification to the Office of Community Services Program Specialist must be within 30 calendar days of the Nebraska State CSBG Office approving the QIP. The Nebraska State CSBG Office will conduct a follow-up Onsite Review within one year of the initial review that prompted the QIP.

10.7. **Assurance on Funding Reduction or Termination:** The state assures that “any eligible entity that received CSBG funding the previous fiscal year will not have its funding terminated or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the state determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in Section 678C(b)” per Section 676(b)(8) of the CSBG Act. ☐ Yes ☐ No

*Note:* This response will link with the corresponding assurance under item 14.8.

10.10b. Re-Designation Procedures: If no, describe state procedures for re-designation of existing eligible entities and how the procedures were made available to eligible entities and the public. [Narrative, 4000 characters]

GUIDANCE: Re-designation implies that an entity that is already designated/receiving funds is now performing the duties and receiving funds that were previously designated to another entity, in addition to the funding that they are already receiving. This is different from a merger as an entity is not absorbing another entity. This re-designation may be permanent (requires a formula redistribution) or temporary while the state has officially designated a new entity and has completed a formula redistribution. See CSBG Act 676A, Designation and Redesignation..., for more information.

Fiscal Controls and Audits and Cooperation Assurance

10.11. Fiscal Controls and Accounting: Describe how the state’s fiscal controls and accounting procedures will a) permit preparation of the SF-425 Federal fiscal reports (FFR) and b) permit the tracing of expenditures adequate to ensure funds have been used appropriately under the block grant, as required by Block Grant regulations applicable to CSBG at 45 CFR 96.30(a). [Narrative, 4000 characters]

The Nebraska State CSBG Office has regular meetings with Grants Management within the Financial Services team within NE DHHS. The purpose of these meetings is to ensure that all federal fiscal reports are prepared accurately and timely, as well as for Grants Management Staff to provide support to Nebraska State CSBG Program Staff to ensure that funds are expended appropriately.

10.12. Single Audit Management Decisions: Describe state procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521. [Narrative, 4000 characters]

Note: This information is associated with State Accountability Measure 4Sd.

Eligible entities that expect to expend $750,000 or more from all Federal Financial Assistance sources, including commodities in a fiscal year, are required to select that they are subject to the single audit requirements of 2 CFR 200 within their sub-award agreement. Eligible entities are required to engage a licensed Certified Public Accountant to conduct and prepare the audit of their organization's financial statements and components of the single audit pertaining to those financial statements. Eligible entities acknowledge that the audited financial statements should be presented in accordance with generally accepted accounting principles (accrual basis). If another basis of accounting is more appropriate or if the accrual basis of accounting is overly burdensome, eligible entities must notify NE DHHS of this issue and request a waiver of this requirement prior to the end of their fiscal year. Eligible entities must have their audit completed no later than nine months after the end of their fiscal year, performed in accordance with 2 CFR 200, and submitted to the Federal Audit Clearinghouse.
Eligible entities and their auditors must complete and submit with the reporting package a Data Collection Form for Reporting on Audits of States, Local Governments, and Non-Profit Organizations (SF-SAC). The reporting package, as evidence the audit was completed, must contain: financial statements, a schedule of Expenditure of Federal Awards, a Summary Schedule of Prior Audit Findings (if applicable), a corrective action plan (if applicable), the auditor’s report(s) which includes an opinion upon financial statements and Schedule of Expenditures of Federal Awards, a report of internal control, a report of compliance and a Schedule of Findings and Questioned Costs. Eligible entities must submit a copy of the financial statements, auditor’s report, and SF-SAC to NE DHHS within the earlier of 30 days after receipt of the auditor's report(s) or nine months after the end of the audit period. The Internal Audit Department at NE DHHS will review the eligible entities on the Federal Audit Clearinghouse to ensure that the single audit performed is submitted and identify if there are any findings on the most current audit. If the eligible entity’s audit has not been submitted to the Federal Audit Clearinghouse or there are findings from the audit performed, the Internal Audit Department will notify all programs impacted by the audit findings. The programs impacted will follow up with the eligible entity regarding the audit findings.

10.13. Assurance on Federal Investigations: The state will “permit and cooperate with Federal investigations undertaken in accordance with Section 678D” of the CSBG Act, as required by the assurance under Section 676(b)(7) of the CSBG Act.  

☐ Yes  ☐ No  Yes

Note: This response will link with the corresponding assurance, Item 14.7

10.13a. Federal Investigations Policies: Are state procedures for permitting and cooperating with federal investigations included in the state monitoring policies attached under 10.2?

☐ Yes  ☐ No  No

10.14. Monitoring Procedures Performance Management Adjustment: Describe any adjustments the state made to monitoring procedures in this State Plan as compared to past plans? Any adjustment should be based on the state’s analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any adjustments, provide further detail. [Narrative, 2500 Characters]

Note: This item is associated with State Accountability Measure 4Sb and may pre-populate the state’s annual report form.

The Nebraska State CSBG Office updated the onsite monitoring paperwork to reduce the duplication of items the eligible entities are required to submit during the year. The Nebraska State CSBG Office will continue to implement the monitoring plan by conducting desk reviews and virtual/on-site monitoring. The Nebraska State CSBG Office plans to continue to improve upon its monitoring procedures in FFY 2023 and FFY 2024, as more guidance is provided by federal partners. In addition, the Nebraska State CSBG
Office will continue to work with the Internal Audit Department to ensure adequate monitoring occurs.
SECTION 11: Eligible Entity Tripartite Board

11.2. Tripartite Board Updates: Provide how often the state requires eligible entities (which are not on TAPs or QIPs) to provide updates regarding their Tripartite Boards. This includes but is not limited to copies of meeting minutes, vacancy alerts, changes to bylaws, low-income member selection process, etc. [Select one and provide a narrative where applicable]

☐ Annually
☐ Semiannually
☒ Quarterly
☐ Monthly
☐ As It Occurs
☐ Other [Narrative, 2500 characters]

11.3. Tripartite Board Representation Assurance: Describe how the states will verify that eligible entities have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entity’s Tripartite Board as required by the assurance under Section 676(b)(10) of the CSBG Act. [Narrative, 2500 Characters]

Note: This response will link with the corresponding assurance, Item 14.10.

This requirement is included in the State of Nebraska Community Services Block Grant Program Policy Manual. All eligible entities are required to follow the State of Nebraska Community Services Block Grant Program Policy Manual, as set forth in their sub-award agreements. The Nebraska State CSBG Office has also integrated this assurance into the onsite monitoring review. The Nebraska State CSBG Office reviews an entity’s policies, procedures, and bylaws prior to the onsite review. While the Nebraska State CSBG Office is onsite, an interview is conducted with the executive director regarding board governance. One of the questions included in the board governance interview is regarding the eligible entity’s process for allowing individuals or organizations to petition for adequate representation on the tripartite board.
11.4. **Tripartite Board Alternative Representation:** Does the state permit public eligible entities to use, as an alternative to a Tripartite Board, “another mechanism specified by the state to assure decision-making and participation by low-income individuals in the development, planning, implementation, and evaluation of programs” as allowed under Section 676B(b)(2) of the CSBG Act?  

- Yes
- No

No

11.4a. If yes, describe the mechanism used by public eligible entities as an alternative to a Tripartite Board. [Narrative, 2500 Characters]
SECTION 12: Individual and Community Income Eligibility Requirements

12.1. **Required Income Eligibility:** Provide the income eligibility threshold for services in the state. [Select one item below and numeric response where applicable.]

- ☒ 125% of the HHS poverty line
- ☐ X % of the HHS poverty line (fill in the threshold): Click or tap here to enter text.%
  - [Numeric response]
- ☐ Varies by eligible entity [Narrative, 4000 characters]

**GUIDANCE:** Under *Varies by eligible entity*, provide the threshold and the reason that it varies by entity.

12.1a. Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition. [Narrative, 4000 characters]

For CSBG-funded services, eligible entities can utilize a 20% Earned Income Disregard for any individual that has earned income at the time of application. However, the CSBG income eligibility limit is only a requirement of CSBG-funded programs. Eligible entities providing CSBG-funded direct client services to clients are required to verify and document proof of income eligibility. Eligible entities are required to use their own written policies concerning the verification of income. For foster children or youth that are wards of the state, the public funds for the youth's support and/or the foster family's income should not be used in determining the youth’s income eligibility for services provided with CSBG program funds. For services funded by other sources, that funding source determines income eligibility requirements and thresholds. Thus, income eligibility thresholds for services vary by the eligible entity. For CSBG funded services where individual income verification is not possible or practical, entities may request to waive the CSBG client income eligibility and verification requirements. Entities interested in obtaining a CSBG client income eligibility and verification waiver must contact NE DHHS for request.

12.2. **Income Eligibility for General/Short Term Services:** Describe how the state ensures eligible entities generally verify income eligibility for those services with limited intake procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance. [Narrative, 4000 characters]

The Nebraska State CSBG Office has included requirements regarding income eligibility and verification in the State of Nebraska Community Services Block Grant Program Policy Manual and the sub-award agreement. Nebraska does not have restrictions on CSBG funding other than what is contained in the CSBG Act. The amount of CSBG funding used toward direct client services is relatively low in Nebraska for all eligible entities. Most eligible entities utilize CSBG funding to support administrative costs of the
agency, due to most other funding sources having more restrictions. For CSBG-funded services, the client must be determined to be under the federal poverty level for the corresponding federal fiscal year. For these services when individual income verification is not possible or practical, eligible entities may request to waive the CSBG client income eligibility and verification requirements. Eligible entities interested in obtaining a CSBG client income eligibility and verification waiver must contact the Nebraska State CSBG Office for request and submittal instructions. The Nebraska State CSBG office will allow self-reporting of income by clients as long as that practice is approved by the Nebraska State CSBG Office and noted in the eligible entity’s policies and procedures. For services funded by other programs and sources, the eligible entity must comply with that particular funder’s requirements regarding income eligibility and verification. The Nebraska State CSBG Office includes questions in the onsite monitoring interviews regarding income eligibility verification. The Nebraska State CSBG Office also conducts client file reviews to ensure that income was verified. However, the Nebraska State CSBG Office does not ensure that client income verification was completed based on other funder criteria. It is assumed that other funders assure the eligible entities are compliant with their program requirements regarding client income verification. All Nebraska eligible entities are also required to have a single audit conducted by an outside firm, which completes a compliance report. All eligible entities are required to submit other funder compliance reports and their completed single audit report to the Nebraska State CSBG Office.

12.3. **Community-targeted Services**: Describe how the state ensures eligible entities’ services target and benefit low-income communities for those services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations). [Narrative, 4000 characters]

The Nebraska State CSBG Office incorporates information regarding this into the CSBG Community Action Plan. Eligible entities are required to provide a narrative regarding how the entity plans to provide community-wide benefit programs and ensure low-income communities are targeted. The Nebraska State CSBG Office plans to discuss the community-wide programs with staff from the eligible entity throughout the year. Eligible entities base decisions to work with other organizations on community-wide efforts (either as a partner or as a lead) on their community needs assessment. These identified needs are representative of the low-income communities within the areas that the eligible entities serve.
SECTION 13: Results Oriented Management and Accountability (ROMA) System

13.1. **Performance Measurement System:** Identify the performance measurement system that the state and all eligible entities use, as required by Section 678E(a) of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act. [Select one]

**Note:** This response will also link to the corresponding assurance, Item 14.12. and will pre-populate the Annual Report, Module 1, Item I.1.

- ☒ The Results Oriented Management and Accountability (ROMA) System
- ☐ Another performance management system that meets the requirements of Section 678E(b) of the CSBG Act
- ☐ An alternative system for measuring performance and results

13.1a. **ROMA Description:** If ROMA was chosen in Item 13.1, describe the state’s written policies, procedures, or guidance documents on ROMA. [Narrative, 4000 characters]

The Nebraska State CSBG Office requires eligible entities to participate in ROMA, the performance measurement system model that OCS facilitated the development of as Community Action National Performance Indicators (NPIs). This requirement is stated in the State of Nebraska Community Services Block Grant Program Policy Manual and the sub-award agreement. The Nebraska State CSBG Office provides all the necessary Community Action NPI report forms, instructions, guidance, and participation requirements that are published by OCS, CAP, NASCSP, and CAPLAW. The Nebraska State CSBG Office has also worked with the eligible entities and CAN to create a ROMA Task Force. This task force is a planning committee made up of Nebraska State CSBG Program Staff, CAN Staff, and eligible entity staff. The ROMA Taskforce is responsible for assisting the Nebraska State CSBG Office in developing any additional materials needed in conjunction with materials provided by CSBG federal partners. The ROMA Taskforce will meet one to two times a year.

13.1b. **Alternative System Description:** If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement. [Narrative, 4000 characters]

13.2. **Outcome Measures:** Indicate and describe the outcome measures the state will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act. [Select one and provide a narrative, 4000 characters]

**Note:** This response will also link to the corresponding assurance, Item 14.12.

- ☒ CSBG National Performance Indicators (NPIs)
- ☐ NPIs and others
All eligible entities are required to submit an annual progress report based on the targets set in their CSBG Community Action Plan. These progress reports are incorporated into the Module 2, Module 3, and Module 4 reporting tools. The Nebraska State CSBG Office reviews these reports and discusses updates with each agency. The eligible entities are also required to submit a quarterly performance report with the numbers of participants for all of their programs.

13.3. Eligible Entity Support: Describe how the state supports the eligible entities in using ROMA or an alternative performance management system. [Narrative, 4000 characters]

Note: The activities described under Item 13.3 may include activities listed in “Section 8: Training and Technical Assistance.” If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, Item 14.12.

The Nebraska State CSBG Office awards discretionary funding to CAN through a subaward agreement to support a system administrator position and a training and technical assistance position. Both positions help support the implementation of ROMA statewide and at each eligible entity. The training and technical assistance position is responsible for coordinating ROMA trainings and meetings for the network. The system administrator position is responsible for assisting the eligible entities to be compliant with ROMA in regards to data entry and reporting. The Nebraska State CSBG Office also encourages each eligible entity to have a data coordinator or agency data administrator. The system administrator at CAN holds monthly meetings with each agency’s data coordinator/administrator. The purpose of these meetings is to discuss data quality, best practices, system changes, report requests, ROMA requirements, etc. The Nebraska State CSBG Office is an active participant in Nebraska’s ROMA Task Force. This task force includes Nebraska State CSBG Office Staff, eligible entity staff, and CAN Staff. The ROMA Task Force meets during the year to review ROMA requirements and discuss best practices among eligible entities. The Nebraska State CSBG Office also utilizes federal partners and other states to obtain and provide further guidance and best practices to the Nebraska community action network. Eligible entities are also expected to employ an administrator to oversee ROMA implementation.

13.4. Eligible Entity Use of Data: Describe how the state intends to validate that the eligible entities are using data to improve service delivery. [Narrative, 4000 characters]

Note: This response will also link to the corresponding assurance, Item 14.12.

The Nebraska State CSBG Office includes this question in the CSBG Community Action Plan. Eligible entities are required to provide a narrative explaining how they used their community needs assessment and other data collected to determine its programming. The Nebraska State CSBG Office plans to discuss best practices for using data to guide services and improve service delivery with eligible entity staff throughout the year. The Nebraska State CSBG Office plans to focus on data analysis in regards to community needs assessments and communicating outcomes during FFY 2023 and FFY 2024. The Nebraska State CSBG Office plans to support the system administrator at CAN to host
trainings to ensure that the eligible entities can successfully analyze their data but also utilize this data effectively to guide services and improve service delivery.

**Community Action Plans and Needs Assessments**

13.5. **Community Action Plan:** Describe how the state will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act. [Narrative, 4000 characters]

**Note:** This response will link to the corresponding assurance, Item 14.11.

The Nebraska State CSBG Office requires each agency to submit Module 3 and Module 4 with estimated target numbers, as well as a CSBG Community Action Plan. The CSBG Community Action Plan includes questions based on the CSBG State Plan, the CSBG Act, the CSBG Organizational Standards, the State of Nebraska Community Services Block Grant Program Policy Manual, and the CSBG sub-award agreement. Documents are to be submitted by the deadline set by the Nebraska State CSBG Office. Documents are reviewed by the Nebraska State CSBG Office.

13.6. **Community Needs Assessment:** Describe how the state will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity’s Community Action Plan, as required by Section 676(b)(11) of the CSBG Act. [Narrative, 4000 characters]

**Note:** This response will link to the corresponding assurance, Item 14.11.

The Nebraska State CSBG Office incorporates information regarding this into the CSBG Community Action Plan. Agencies are required to provide a narrative explaining how they used their community needs assessment and other data collected to determine its programming. The Nebraska State CSBG Office also plans to further discuss with eligible entities best practices in using their community needs assessment to guide services and improve service delivery. The Nebraska State CSBG Office requires the completion of a community needs assessment as identified in the CSBG Act. Language is included in the CSBG sub-awards and the State of Nebraska Community Services Block Grant Program Policy Manual explaining that full community needs assessments must be completed every three years and that annual updates can be completed in the years between full assessments. The Nebraska State CSBG Office also asks how services and programs are guided by the community needs assessment as part of the onsite monitoring interview questions.

[Narrative, 4000 characters]

The Nebraska State CSBG Office incorporates information regarding this into the CSBG Community Action Plan. Eligible entities are required to provide a narrative explaining
how they plan to meet these assurances. The Nebraska State CSBG Office also plans to
further discuss the eligible entity’s programs that will meet these required assurances.
The Nebraska State CSBG Office has included questions regarding these assurances in
the onsite monitoring interviews. The State of Nebraska Community Services Block
Grant Program Policy Manual and sub-award agreements also include language stating
that these assurances are required to be met by all eligible entities.
Needs of Youth

14.1b. 676(b)(1)(B)  Describe how the state will assure “that funds made available through grant or allotment will be used –

The Nebraska State CSBG Office incorporates information regarding this into the CSBG Community Action Plan. Eligible entities are required to provide a narrative explaining how they plan to coordinate with other programs and work with other funding sources to provide services in relation to the CSBG Act. The Nebraska State CSBG Office also plans to further discuss the eligible entity’s programs that will meet these required assurances. The Nebraska State CSBG Office has included questions regarding the coordination of programs and other funding sources in the onsite monitoring interviews. Since Nebraska eligible entities primarily utilize CSBG funding for staff and infrastructure.
support, it is imperative for eligible entities to have other program funds (private or public) to meet client needs.

State Use of Discretionary Funds

14.2. 676(b)(2) Describe “how the State intends to use discretionary funds made available from the remainder of the grant or allotment described in section 675C(b) in accordance with this subtitle, including a description of how the State will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle.”

Eligible Entity Service Delivery, Coordination, and Innovation

14.3. 676(b)(3) “Based on information provided by eligible entities in the State, a description of...”

Eligible Entity Service Delivery System

14.3a. 676(b)(3)(A) Describe “the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the State;”

[Narrative, 4000 characters]

The Nebraska State CSBG Office requires each agency to submit annually a CSBG Community Action Plan. This plan includes the Community Needs Assessment, plans for the next year, the partners and programs of the entity, Module 3, Module 4, a budget, and a board plan. After the Nebraska State CSBG Office reviews these applications, a call is completed with each entity executive director to discuss the content of their plan. One of the focuses of conversation is to inquire about the entity's service delivery practices. Entities in Nebraska have some programs and services that are one time services; however, they also have some programs and services that are delivered through case management. The Nebraska community action network recognizes that outcomes are more easily tracked and reached through case management, so this is always the goal with entities.

Eligible Entity Linkages – Approach to Filling Service Gaps

14.3b. 676(b)(3)(B) Describe “how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations.”

Note: The state describes this assurance in the State Linkages and Communication section, item 9.3b.

Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources

14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources.”

Note: The state describes this assurance in the State Linkages and Communication section, item 9.7.

[No response as the state describes this assurance under 9.7]

Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility
14.3d. 676(b)(3)(D)  Describe “how the local entity will use the funds [made available under 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting.”

Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using state remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the state indicates funds allocated for these activities under item 7.9(f).

[Narrative, 4000 characters]

At this time no eligible entity has a specific fatherhood initiative. However, some eligible entities are conducting programs around parental responsibility. Head Start and Early Head Start have strong programs encouraging parental involvement and strengthening families. Each eligible entity will address strengthening families and encouraging parenting if there is an issue that arises in client discussions. Since the eligible entities utilize a case management model, the client determines goals. If that goal includes parenting, the eligible entity will work with the client to receive these services or complete necessary referrals if the services needed are not offered by the eligible entity.

Eligible Entity Emergency Food and Nutrition Services

14.4. 676(b)(4)  Describe how the state will assure “that eligible entities in the State will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals.”

[Narrative, 4000 characters]

The Nebraska State CSBG Office incorporates information regarding this into the CSBG Community Action Plan. 15.2. Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

(1) By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

(2) The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

(3) For grantees other than individuals, Alternate I applies.

(4) For grantees who are individuals, Alternate II applies.

(5) Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee’s drug-free workplace requirements.

(6) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

(7) If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

(8) Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees’ attention is called, in particular, to the following definitions from these rules:

**Controlled substance** means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

**Conviction** means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

**Criminal drug statute** means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;
Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee’s payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee’s payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - -
   (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
   (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
