

## Initiative 4.4a – Chronic Disease Navigation and Education

### Period of Performance: Receipt of Intent to Apply through July 31, 2027

DHHS appreciates all applicants for their interest and commitment to advancing rural health in Nebraska. The response to this funding opportunity reflects the incredible work happening across our state. As this is part of a five-year grant program, additional funding opportunities may be available in the years ahead to continue building partnerships and expanding impact across the state.

The following have been selected for award for the Request for Application which closed March 27, 2026.
