Summary and Next Steps
To assess SOAR eligibility, we are looking for basic information on: • The presence of medical and/or psychiatric conditions or symptoms which would fit an SSA listing; • Current treatment, or a history of treatment for conditions; • Inability to work and earn SGA due to medical and/or psychiatric conditions (not because they cannot find work or
were laid off); and, Impairments in functioning due to medical and/or psychiatric conditions.
SOAR specialists will contact the candidate to folllow up on the information provided on this form. A full intake assessment may be required to gather additional supporting evidence to determine if we can assist the participant with a SOAR application.
