Utilizing Funds Under LB 321 2007, Section 107

- Office visit covered when an STI/STD test is performed for men and women 18+

These funds are designated for low income and at-risk women and men for an office visit in which a STI/STD test is done. If client is 21 and over and is needing cervical or breast cancer screening or follow up, client should be enrolled in the Every Woman Matters (EWM) Program. Clients must meet EWM income and insurance eligibility guidelines and be Nebraska residents.

These funds are available to any provider who participates in the EWM Program. Enrollment can only be done on an STI/STD Assistance Form. No other enrollment forms for EWM are acceptable.

Clients enrolled to receive assistance for the office visit:

- will **not** be required to pay an annual fee
- will **not** receive regular screening or routine mailed correspondence from EWM

The only reimbursable service using the STI/STD Assistance Form is an office visits.
