August 2018

## PROGRAMMATIC UPDATES

Women's and Men's Health Programs has submitted both the Breast & Cervical grant and the WISEWOMAN grant to CDC for review and approval. We have not received notification back as to an award or award amounts. Once we receive information back from CDC we will definitely let you know.

Program staff have been working diligently on the 2018-2019 fiscal year plans. All that we can tell you now moving forward is that we want to continue to build capacity within local health departments and we are looking to streamline healthy supports used for health coaching.

In the meantime, we encourage you to continue to learn more about the National Diabetes Prevention Program, the American Heart Association's online Check. Change. Control. program for blood pressure control, take part in Living Well trainings (see below for opportunities), and to continue to refer your clients to the Nebraska Tobacco Quitline if they want help with cessation.

Once we have information from CDC regarding funding and approval on the work plan that was submitted, we will start letting CHH know how to best move forward for the 2018-2019 fiscal year, which should start October 1, 2018.

## SUCCESS STORIES

Success stories will continue for the July-September extension period. Two additional success stories will be due by the end of the extension period. At which time, ALL CHH should have 8 success stories submitted.

Success Stories are in lieu of quarterly reports. If your CHH is having

problems submitting the required success stories, you need to have a discussion with your TA. Success stories are a subaward deliverable.

We anticipate that discussions will continue to take shape in the central office around success story requirements for the 2018-2019 fiscal year. Many that were received this past year were client based stories. We are really looking for process and outcome based stories *as well*. If/when any information or new guidance is developed your TA will let you know.

### TRAINING: National DPP Lifestyle Coach Training

Broaden your organization's National DPP capacity and sustainability. Get your staff trained! There are three upcoming 2-day Lifestyle Coach Trainings to choose from across Nebraska. See [flyer](#) for more information.

- Kearney - August 23-24, 2018
- Bridgeport - September 18-19, 2018 *\*(Updated Date)*

### FREE TRAINING: Interested in Becoming a Leader for Living Well or Living Well with Diabetes Program?

Interested in becoming a leader for the Living Well or Living Well with Diabetes program? Classes will be held in Omaha on August 29-30 and September 5-6.

[Living Well Applications](#) and more information can be found [here](#).

## NEW: The Nebraska Colon Cancer Screening Program has a new Lab

FOBT kits

The Nebraska Colon Cancer Screening Program has contracted with a new lab in order to receive and read fecal occult blood test kits.

Be on the lookout for more information soon.

## OPPORTUNITY: Do You Know of a Clinical Practice that Needs Technical Assistance with DSME/T or National DPP?

Did you know you can **generate revenue** by sponsoring your own quality diabetes self-management education/training (**DSME/T**) program and/or **National Diabetes Prevention Program (National DPP)**?

DHHS', Chronic Disease Prevention and Control Program has contracted with **Mary Ann Hodorowicz**, to offer **FREE** individualized technical assistance to organizations. She can help your practice successfully operationalize your diabetes programs **DSME or National DPP**, medical nutrition therapy, professional and personal use continuous glucose monitoring (CGM), intensive behavior therapy for obesity benefit and the chronic care management benefit so you can generate revenue and improve clinical and behavioral outcomes of persons with prediabetes and/or diabetes.

If your practice wants to achieve certification of its DSME/T program and would like to set up a technical assistance call with Mary Ann, contact Julie Chytil (402)326-2904 or Jessie Lamprecht at (402)471-0162. Click this [link](#) to read more information about the opportunity. It will be on a first come first-serve basis and only available until September 29, 2018.

## NEW: SPANISH Healthy Lifestyle Questionnaire NOW AVAILABLE

Check out the Every Woman Matters and/or Nebraska Colon Cancer Screening Program websites for the new **SPANISH** Healthy Lifestyle **ONLINE** Questionnaire.

It is located directly under the **blue ENROLL NOW** button in the left navigation on the website.

We've worked hard with our IT Department and with staff nurse Margarita Allen who translated the information and reviewed the online enrollment.

## REMINDER: Community Health Hub Website

The [Community Health Hub website](#) gets updated quite frequently. Be sure to check it out as often as you can.

If you want us to add other helpful information on the site be sure to let your TA know.

## DID YOU KNOW?

- According to 2016 Behavioral Risk Factor Surveillance System data, almost [25% of American adults](#) are living with a disability.
- Adults with disabilities face significant health disparities compared to adults without disabilities, including a threefold greater risk for [heart disease, stroke, diabetes, and cancer](#).
- Health professionals, researchers, and policy makers can find state and national level data on 30 different health topics and behaviors- including physical activity, smoking, obesity, flu vaccination, cancer screenings, and more- using CDC's [Disability and Health Data System](#).

## CHH UPDATE: Do you have something to contribute?

Do you have something that you would like to contribute to the monthly Community Health Hub Updates?

We continually strive to have the CHH update in your email boxes during the first week of the month. If you have a submission or an idea please send them by the 2-3 week of the month to your TA or you can also contact Tracey Bonneau at [Tracey.Bonneau@nebraska.gov](mailto:Tracey.Bonneau@nebraska.gov).
