The total anticipated available funds for Grants under this RFA is \$300,000.00 (three hundred thousand dollars). See Table. A total award of this amount of funds is not guaranteed, but is subject to the Applications received, to actual money appropriated to DHHS and to DHHS' discretion. DHHS has established a cap on total amount of funds that any one Applicant may request. The maximum per grant award is capped at \$100,000.00 (one hundred thousand dollars).

1.2. Funding Restrictions

Pre-Award Costs are costs incurred after the notice of award is posted but before the subsequent grant is obligated. All Pre-Award Costs are incurred at the grantee's risk. DHHS does not typically approve pre-award costs for payment, however, should there be extenuating circumstances that make it appropriate for DHHS to consider approving pre-award costs, the Grantee may request an exception in writing. The earliest date Pre-Award Costs may be incurred is the award selection announcement date. Any costs incurred before this date will not be reimbursed.

1.3. Period of Performance

The Period of Performance is the time during which a successful Applicant may incur costs to carry out the work authorized under this RFA and the resulting Grant. The initial Period of Performance for this RFA is from March 1, 2025, to December 31, 2025. This period may be extended by DHHS at DHHS' sole discretion.

For the initial Period of Performance, all costs must be incurred (i.e., spent) by December 31, 2025, and invoiced to DHHS by February 15, 2026. These dates may be subject to change; final dates will be included in the final Grant between the parties. If an Applicant believes it cannot meet these deadlines, it should not apply for funding under this RFA. Obligation and liquidation deadlines may be extended as, but no extensions are guaranteed. Future Periods of Performance, as allowed by DHHS, may have different obligation and liquidation deadlines.

1.4. Applicable Law

All Services shall be provided in accordance with and pursuant to all applicable federal, state, and local laws in the performance of any resulting grant agreements. Reimbursement of activities is subject to the provisions laid out by the United States Code of Federal Regulations and the Nebraska Revised Statutes. 2. PROJECT DESCRIPTION

2.1. Background and Purpose

The Department of Health and Human Services, Office of Economic Assistance, is issuing the Request for Applications (RFA) for the Intergenerational Care Facility Incentive Grant Program. This program aims to provide grants to nursing homes and assisted living facilities that offer childcare services. Three hundred thousand dollars (\$300,000) from the Medicaid Managed Care Excess Profit Fund for the fiscal year 2024-25 has been allocated to support this initiative. The grant is designed to assist facilities with a one-time startup grant, offering to fund up to one hundred thousand dollars (\$100,000) for structural modifications, outdoor campus areas of nursing facilities, or the purchase of childcare equipment and supplies or any combination of such purposes. This initiative supports these facilities in providing services for the health needs of adults and children, addressing service gaps under the Medical Assistance Act.

In the 2024 Legislative session, the Intergenerational Generational Care Facility Incentive Grant Program (*Neb. Rev. Stat § 81-3145 sec. 2*) was passed. The grant program requires the Department of Health and Human Services (DHHS) to develop requirements for eligibility, application, and audits for grants in collaboration with statewide associations representing nursing homes as defined in *Neb. Stat. § 38-2414* and other stakeholders.

2.2. Project goals and objectives

The Intergenerational Care Facility Incentive Grant Program aims to bridge the intergenerational gap by incorporating childcare services into nursing homes or assisted-living facilities to create an inclusive environment where senior citizens and children from the communities can engage in various enriching activities and interactions. This innovative and carefully planned approach has the potential to establish a nurturing and supportive atmosphere. It will ensure a meaningful connection among all involved, significantly contributing to all individuals' well-being and quality of life.

The primary objective of this grant initiative is to establish the Intergenerational Care Facility Incentive Grant Program to provide a one-time startup grant of up to \$100,000.00 (one hundred thousand dollars). These funds are specifically intended to support the integration of childcare programs within nursing homes and assisted living facilities, promoting a collaborative environment that benefits both the elderly residents and young children and creating a meaningful intergenerational experience within these care facilities.

2.3. Allowable Activities

Grants shall be awarded for the following purposes:

- Within the RFA is the list of allowable and non-allowable expenditures. Applicants must justify the need and intent of receiving approval from DHHS for additional items not listed within the attachment of the allowable expenditures.

1. **Modification of Structures:** This includes renovations or adaptations to existing nursing or assisted living facilities to create spaces that promote intergenerational activities and enhance accessibility and engagement for children and older adults.
2. **Modification of Outdoor Campus Space:** Changes to the outdoor areas of nursing or assisted living facilities aimed at fostering intergenerational experiences. This may involve adding features like fire safety measures or playgrounds.
3. **Purchase of Childcare Equipment and Supplies:** Funding may be used to acquire necessary equipment and supplies to support childcare needs within the facility. Eligible items include developmentally age-appropriate equipment, toys, educational materials, safety gear, and furniture designed for children's use.
4. **Combination Purchases:** Grant funds can be allocated to any combination of the above categories, provided that each request meets the grant's criteria.

2.4. Geographical Area Served

Applicants must provide services within the State of Nebraska; however, preference will be given to facilities operating in rural communities. For the purposes of this RFA, a rural community is defined as any municipality in a county with a population of fewer than 100,000 (one hundred thousand) inhabitants as determined by the most recent federal decennial census.

2.5. Reporting Requirements

The Department of Health and Human Services (DHHS) will implement several monitoring strategies to identify potential problems and determine areas where technical assistance might be necessary for the **Intergenerational Care Facility Incentive Grant Program**. These strategies could include:

1. Regular Progress and Financial Reporting
 - **Monthly Progress Reports:** Facilities must submit detailed reports outlining how the grant funds are utilized, and milestones reached.
 - **Financial Accountability Reports:** Detailed financial statements showing how the grant money is spent, with categories for structural modifications, modification to outdoor campus, and purchase of childcare equipment and supplies.
2. Financial Accountability Reports
 - Detailed expenditures showing how grant money is spent. Categories should include:
 - Structural modifications
 - Modifications to the outdoor campus
 - Purchase of childcare equipment and supplies
3. Budget Compliance
 - **Requirement:** Reports must demonstrate that expenditures align with the approved budget
 - **Protocol for Deviations:** Any deviations from the approved budget must receive prior approval from DHHS.
4. Quarterly Audits
 - Facilities receiving grants will be subject to financial audits to ensure that funds are being used appropriately, and that financial records align with reported expenditures.
5. Technical Assistance
 - DHHS will offer technical assistance to facilities that face challenges in fulfilling the grant requirements or financial obligations of the Intergenerational Care Facility Incentive Grant Program.
6. Corrective Action Plans
 - If facilities fall short of expectations or fail to meet the grant requirements, an outline of specific steps the facility should take to address deficiencies.
 - **Detailed Assessment of Deficiencies:** Identifying areas where the facility has fallen short.

- Measurable Goals: Defining clear, achievable goals to meet grant requirements, like improving safety protocols or enhancing the facility.
- Action Steps and Timeline: Outline a step-by-step plan with a timeline for implementing changes, including who is responsible for each action.
- Monitoring and Reporting: Establishing a process for tracking progress, including regular updates and a final assessment to ensure all corrective actions have been met within the specified timeframe.
- Follow-Up Evaluation: A follow-up review to confirm sustained improvements and continued compliance.

2.6. Eligibility Information

Grants shall be awarded to facilities that are nursing homes or assisted-living facilities as described below:

3.7. Evaluation of Applications

All complete Applications that are responsive to the RFA will be evaluated. DHHS reserves the right to evaluate Applicants and award funds in a manner utilizing criteria selected at DHHS' discretion and in the best interest of meeting the objectives of the funding involved. The Evaluation will be conducted by the following method:

DHHS will initially evaluate all Applications to determine whether the Applicant is an eligible entity; whether the Application meets the minimum requirements of this RFA; and whether the Applicant poses risk of noncompliance with federal statutes, regulations, and the terms and conditions of the Grant, such that DHHS should not award funding. DHHS will award to the top scoring Applicant or Applicants, as DHHS determines and as funding allows. DHHS will conduct a fair, impartial, and comprehensive evaluation of all Applications in accordance with the predetermined criteria based on the Application. The Applicant's responses to the Forms will be scored through a point method set forth below. DHHS will evaluate on the following categories with a maximum point potential for each:

1. **Form 1 - Cover Sheet – (5 Points).** Applicants will receive full points if they have provided all information requested on Form 1, have certified they are eligible to receive funding under the terms of this RFA, have certified that they are not presently debarred or suspended, and have signed the form. Failure to complete this form in full may result in your application being rejected without being scored.
2. **Form 2 - Applicant's Organizational Overview (70 Points).** Applicants will receive high scores if they have a defined and clear organizational structure; organizational experience in federal grants; qualified and capable personnel with experience in federal grants or equivalent credentials or experience; or can otherwise demonstrate that they will be a reliable subrecipient who will use all awarded funds in a manner consistent with law and the requirements of this RFA.
3. **Form 3 - Applicant's Work Plan (45 Points).** Applicants will receive higher scores if their work plan responds to the Project Description and meets the goals or objectives of the federal funding and RFA, as well as evidencing the ability to meet expected outcomes, adhere to reporting deadlines or other deadlines, and complete any required evaluation activities. DHHS exercises sole discretion as to whether the Application adequately addresses the purposes and objectives of the federal funding DHHS has received. Applicants must describe how they plan to participate in the Quality Rating and Improvement System described in Neb. Stat. § 71-1956 within three (3) years after the date the grant is awarded.
4. **Form 4 - Applicant's Budget (45 Points).** Applicants will receive higher scores if the budget is tailored to the work plan and utilizes allowable direct and indirect costs. Total request for funding itself will not determine score; rather, Applicants will be scored based on whether budget accurately reflects allowable costs of completing the work set forth in the work plan.
5. **Form 5 – Application Submission Checklist (5 Points).** Applicants will receive higher scores if they demonstrate knowledge of any additional requirements and show how they have experience with such requirements or plan to meet them.

There are **170** total points available for Applications under this RFA.

DHHS may award to multiple top scoring Applicants, at its sole discretion. If all Applicants meet the minimum requirements and are meritorious, DHHS may also elect to award to all Applicants.

3.8. Late Applications

Applications received after the Application Due Date will be considered late Applications. Late Applications will be rejected. All Applications must be electronically or physically received by the date identified in the **Schedule of Events, Section 3. 2.** The State is not responsible for Applications that are late or lost regardless of cause or fault. It is the Applicant's responsibility to ensure Applications are received timely.

3.9. Corrections

An Applicant may correct a mistake in an Application prior to Application Due Date by giving written notice to the POC of intent to withdraw the Application for modification, or to withdraw the Application completely. Changes in

an Application after the Evaluation Period has begun are acceptable only if the change is made to correct a minor error. Whether an error is minor shall be determined by DHHS.

3.10. Grievance and Protest Procedures

All grievances must follow the DHHS Grant Grievance/Protests Procedures, available on the DHHS website. Grievances must be filed timely.

3.11. DHHS Reservations of Authority During Application and Evaluation Process

After Evaluation of the Applications, or at any point in the RFA process, DHHS may take one or more of the following actions:

1. Amend the RFA.
2. Extend the time of or establish a new Application opening time (i.e., allowing additional time to submit Applications).
3. Waive deviations or errors in the RFA process and in Applications that are not material, do not compromise the RFA process or an application, and do not improve an Applicant's position.
4. Accept or reject a portion of or all of an application.
5. Accept or reject all Applications.
6. Withdraw the RFA; or
7. Elect to reissue the RFA.

DHHS reserves the right to adjust the Applicant's budget with successful Applicants after the Intent to Grant is issued. DHHS also reserves the right to adjust the Work Plan with Applicant to meet the requirements of the grant, Federal Funding Agency, law, or to meet DHHS programmatic needs. DHHS also reserve the right to apply additional conditions based on the successful Application and the result of a pre-award risk assessment. If a scoring method is used to rank applications to determine funding amounts, all adjustments shall have no bearing on rank.

If DHHS rejects all Applications, it may enter either reissue an RFA with the same or different specifications and terms, or it may negotiate a single or multiple Grants with individual Applicants or non-Applicants.

To be allowable, all costs must be:

Budgets may be modified as required by DHHS or in agreement between DHHS and the Applicant after the Intent to Grant is announced. Applicants should not rely on budget changes or modifications in submitting their proposed budget but should be able to perform the program activities consistent with their budget.

All indirect costs may only be paid if they are consistent with the UGG or HHS GG, as applicable. As provided in 2 CFR § 200.414 and 45 CFR § 75.414, Indirect costs may be paid through a federally approved indirect rate agreement, a state approved indirect rate agreement, or the de minimus rate as consistent with the federal rules. Cost Allocation plans may set forth a direct allocation of all costs under a grant or may allocate only a portion of those costs along with an indirect rate. Subrecipients may not, however, charge items as direct costs and also as indirect costs.

If Applicants plan to charge indirect costs, they must provide one of the following with their budget:

1. A current federally approved indirect cost rate agreement.
2. A currently approved indirect cost rate agreement with DHHS

If an Applicant has a cost allocation plan for this grant, it must submit it along with the Application.
