REQUEST FOR APPLICATIONS – FEDERAL FUNDS

The State of Nebraska, Department of Health and Human Services, Division of Public Health (“DHHS”) Nebraska Council on Developmental Disabilities (NCDD, or Council), is issuing this Request for Applications (“RFA”) for the purposes of entering into grant agreement(s) (“subaward” or “subawards”) and awarding federal funds to eligible and qualified entities to improve the lives of individuals with developmental disabilities and their families. Project activities are to begin no sooner than October 1, 2022 and end no later than September 30, 2023. Subawards may be renewed for an additional one (1) year period, at the discretion of DHHS.

It is the Council's intention to award a single subaward of up to $50,000 for the purpose of developing and maintaining an online clearinghouse/website/catalog of accessible classes, trainings, and professional development courses for regular and special education teachers. A total award of this amount of funds is not guaranteed but is subject to actual funding awarded to the Nebraska Department of Health and Human Services (“DHHS”) from the federal Administration on Disability/Office of Intellectual and Developmental Disabilities and to DHHS’ discretion.

Eligible entities include local governments, Indian tribes, institutions of higher education, and nonprofit organizations. Individuals and for-profit entities may not apply for this subaward funding. Applicants must demonstrate a working knowledge of the issues that affect individuals with developmental disabilities and their families, experience working with and/or advocating on behalf of individuals with developmental disabilities, and a history of conducting education in the activity area identified in the application. NCDD strongly encourages applications from organizations that are located in rural or urban poverty areas, organizations that employ staff with disabilities, and/or organizations that represent linguistic and cultural minorities.

A more detailed description may be found in Project Description, Section 2.

Any subaward resulting from this RFA is subject to and shall follow federal regulation, as set forth herein. Subrecipients receiving subawards may only be paid up to the actual and allowable costs (as defined herein) of completing the Project Description, Section 2. No Subawards resulting from this RFA will be fee-for-service contracts, regardless of the method of payment, and no Subrecipient may keep a profit from its subaward. More detail about the terms of this funding is set forth in Terms, Section 5, below.
A copy of this RFA may be found online at DHHS’ Grants website at [http://dhhs.ne.gov/Pages/Grants-and-Contract-Opportunities.aspx](http://dhhs.ne.gov/Pages/Grants-and-Contract-Opportunities.aspx). Until final Subawards are signed, all other information pertinent to this RFA, including but not limited to any amendments or addenda, will be posted on the DHHS Grants website.

The total anticipated available funds for Subaward(s) under this RFA is a single award of up to $50,000 [fifty thousand and 00/100 dollars] total. A total award of this amount of funds is not guaranteed, but is subject to the applications received, to actual money awarded to DHHS from the Federal Awarding Agency, and to DHHS’ discretion. DHHS may establish a cap on total amount of funds that any one applicant, or applicants acting jointly, may request. Any cap shall be set forth in the Applications Instructions, Section 4, below. The total funds may be split among multiple Subrecipients in the discretion of DHHS.

1.2. Period of Performance

The Period of Performance is the time during which a successful applicant may incur costs to carry out the work authorized under this RFA and the resulting Subaward. See the definitions in 2 CFR § 200.77 or 45 CFR § 75.2. The initial Period of Performance for this RFA is from January 1, 2023 to September 30, 2023. This period may be extended by DHHS as allowable by the Federal Funding Agency. If state funds are involved in the award, this may also determine whether DHHS may extend a Period of Performance.

For the initial Period of Performance, all costs must be liquidated (i.e., spent) and invoiced to DHHS by October 31, 2023. These dates are dependent on federal periods of allowability and DHHS’ own ability to timely process payments. They may be subject to change; final dates will be included in the final Subaward between the parties. If an applicant believes it cannot meet these deadlines, it should not apply for funding under this RFA. Obligation and liquidation deadlines may be extended as allowed by the Federal Funding Agency, but no extensions are guaranteed. Future Periods of Performance, as allowed by DHHS, may have different obligation and liquidation deadlines.

1.3. Applicable Law

Because the funds to support the activities under this RFA involve federal funds, usage of these funds is subject to federal law, in addition to any applicable state law. The Uniform Grant Guidance, 2 CFR §§ 200 et seq. (“UGG”) applies to subawards funded from the United States Department of Agriculture (USDA), the Department of Housing and Urban Development (HUD), the Department of Labor (DOL), the Environmental Protection Agency (EPA) or other federal agencies. The United States Department of Health and Human Services (HHS) has adopted the UGG, but has implemented and re-codified it at 45 CFR §§ 75 et seq. (“HHSGG”); for awards funded by HHS, those regulations apply. Throughout this RFA, both the UGG and the HHSGG will be cited, although they are substantially similar.

The HHSGG shall apply to this RFA if it awards funds from block grants authorized by the Omnibus Budget Reconciliation Act of 1981, unless Nebraska statute or regulation has established provisions for the payment costs and services; in all other respects, as provided herein, those block grant subawards are governed by 45 CFR §§ 96 et seq.

Additional federal and state statutes and regulations may apply to the funding contained herein. These may be included in Additional Program Requirements, Section 5.7, below, as well as in the Subaward itself.
Further information about allowable costs and activities may be set forth herein.

1.4. Award of Funding

DHHS will evaluate Applications in the manner set forth herein. An Intent to Subaward will be posted on the DHHS Website with selected Applicants. Funds will be awarded through a written agreement, termed a Subaward, which will incorporate this RFA by reference. No promise for funds is binding on DHHS, and no funds will be paid to any Applicant until a Subaward has been executed by both the Applicant and DHHS.

Awards may be renewed for an additional one (1) year period, subject to DHHS’ discretion. Obligation and liquidation deadlines may be extended as allowed by the Federal Funding Agency, but no extensions are guaranteed. Future Periods of Performance, as allowed by DHHS, may have different obligation and liquidation deadlines.

In the Evaluation of Applications, DHHS shall not discriminate for or against an organization on the basis of the organization's religious character or affiliation, as consistent with 45 CFR §§ 87 et seq.

2. PROJECT DESCRIPTION

2.1. Background and Purpose

DHHS, Division of Public Health, Nebraska Council on Developmental Disabilities (NCDD, or Council) is issuing this RFA for the purposes of improving the lives of individuals with developmental disabilities and their families.

The Council, under the State of Nebraska Department of Health and Human Services (DHHS) Division of Public Health, announces the release of a Notice of Funds Available (NoFA) through a Request for Applications for the purposes of providing accessible trainings and professional development for Nebraska teachers. Funds for this project will be provided by the Council/DHHS through the federal Administration on Disability/Office of Intellectual and Developmental Disabilities. The nation and the state are facing unprecedented staffing shortages and the field of education is in desperate need of teachers and trained staff. When teachers are engaged in learning, the lessons learned are valued and used, and most importantly, teachers stay in the profession longer.

Current demands on educators create additional challenges, as many teachers do not have the availability to search for or participate in training opportunities. In this ever-changing world, professional development needs to be more accessible. For example, while in-person training is ideal, professional development should be accessible online/digitally. By creating a clearing-house it will offer more variety to Nebraska Educators so they can expand their knowledge base and eliminate educators from repeating trainings from year to year. Many Nebraska Universities and Colleges offer online provisional or graduate teaching certificate programs for non-educators looking to quickly become educators. Certain subjects can be taught in small doses, but others take time and are more of an ongoing format.

2.2. The DD Council

The Nebraska Council on Developmental Disabilities (NCDD, or Council) is an independent agency funded by the federal government to work with the State of Nebraska to better support individuals with developmental disabilities and their families. The Council engages in Advocacy, Capacity Building, and System Change activities that assure that individuals with developmental disabilities and their families participate in the design and have access to needed community services, individualized support, and other forms of assistance that promote self-determination, independence, productivity, and integration and inclusion in all facets of community life.
NCDD is comprised of 25 volunteer members appointed by the governor and a small staff. Members include individuals with developmental disabilities and family members or guardians of individuals with developmental disabilities, professionals, advocates, and representatives of state and private agencies.

2.3. Project Description

See subaward user manual, Attachment 1, for more information on reporting requirements.

Successful applicants will develop a proposal to address the following:
1. The online Clearinghouse is a web page of shared content about Nebraska community resources related to disability targeted to the professional development of teachers. Applicants must propose to develop and maintain an online Clearinghouse of classes, trainings, and professional development courses that can be consulted by regular and special education teachers. College classes that are referenced should be from Nebraska Universities and Colleges and should not be exclusive to one or two schools. Align clearinghouse with courses and classes to facilitate getting students certified to teach and/or add an endorsement or degree. Provide information on pathways for para educators to become certified special education teachers.
2. Training opportunities listed will include topics related to children with disabilities ages birth through age 21.
3. Research and identify educational classes, trainings, and professional development courses that will be listed on the clearinghouse site. Clearinghouse will be robust and may include trainings outside of colleges and universities by other agencies to help develop the skills of district teachers on special education practices. Proposals should include training content that address special education needs. Examples of training resources include Parent Training and Information Nebraska, University of Nebraska Medical Center (UNMC) Parent Partners, Nebraska Autism Spectrum Disorder (ASD) Network, Individuals with Disabilities Education Act (IRIS) Center, autisminternetmodules.org, Mental Health Technology Transfer Center (MHTTC) Network, Educational Service Units, and DHHS Division of Behavioral Health. Trainings should be categorized by topics to include but not limited to: restorative practices, inclusive education practices, universal design, etc.
4. An initial draft of Clearinghouse platform must be completed by April 30, 2023, with additional drafts/updates following. Draft will be in a pdf of the webpage format with a list of educational opportunities that can be accessed by the Clearinghouse user. Work plan must include timeframe for updates, with a final product completed by September 30, 2023.
5. Some but not all of these trainings should focus on strategies for successful integration and education of people with intellectual and developmental disabilities from birth to age 21. A definition of developmental disability is included in the Glossary of Terms, Section 6, for reference.
6. The Clearinghouse content, as an online comprehensive resource for educators, is will be posted on the state of Nebraska Department of Education website. Work plan should provide details on the successful and sustainable transition of the educational clearinghouse to the Nebraska Department of Education after project completion.
7. Conduct an evaluation of the platform to make sure it is easily accessible for its users. Users should represent both urban and rural school districts in Nebraska.
8. Record and report the total number of “hits” to this platform.
9. Collect some demographic data on the users of the website. What school districts are using the website? If the user is a teacher, para educator, what grades do they teach?
10. Regular coordination and collaboration with Nebraska Department of Education’s Special Education designated point of contact.
11. Creation of marketing materials to be posted on Nebraska Department of Education website or emailed to Nebraska teachers. Develop plan for marketing materials dissemination.
12. Once project period is done have a plan for maintenance and sustainability of clearinghouse platform that the Nebraska Department of Education can execute.
13. Deliver a final report to the Council that includes the information listed above.

2.4. Council’s 2022-2026 Five-Year State Plan Goals and Objectives
This project will address the following goal and objective, taken from the Council’s 2022-2026 Five-Year State Plan Goals and Objectives.

Goal 3: Community Integration and Inclusion
By 2026, the capacity of communities and systems to fully include individuals with intellectual and developmental disabilities (I/DD) will be increased so individuals will have opportunities for greater independence and integration.

Objective A. By 2026, increase capacity of caregiver and direct support systems through enhanced training and improved access to information. As a result, individuals with I/DD are provided services and supports by professionals and caregivers who are knowledgeable, trained, and supported.

2.5. Project Specific Requirements:
Projects will begin no sooner than October 1, 2022 and end no later than September 30, 2023. Application must include a description of the project activities, expected outputs, and expected outcomes.

Primary Project Activities:
Subrecipient will describe the project activities that will occur to meet the Council’s goal. Examples include:
- Collecting stories from individuals with I/DD and their families to discuss the specific and unique needs they face.
- Recommending strategies to improve processes or systems changes.
- Formulating plans to address a specific issue.
- Collecting survey data from project participants as applicable.

Expected Outputs:
- A written report of recommendations for process or systems changes.
- A handbook that will be used by individuals with I/DD, families, service providers, medical staff, etc.
- Curriculum for training on a specific topic.
- Provide at least four hard copies of project tangible outputs (i.e. publication(s), reports, training curriculum, etc.) to Council staff for the Nebraska Library Commission.

Expected Outcomes:
- A specific number of individuals with disabilities and their families are included in a planning process.
- A specific number of individuals are trained as a result of the project.
- Improvements to processes or procedures were implemented.

Community Inclusion
The Council is mandated by federal law with assuring that individuals with developmental disabilities and their families are integrated and included in all facets of community life. Community inclusion factors are taken into consideration when Council members review applications. The extent that a subaward application promotes full participation of the target population in the same activities of community life, recreation, employment, and education being utilized by other community members goes into the decision process. Inclusion of the larger community in the planning and implementation of the project proposal is important to enhance awareness and the expectation of success.

Project Sustainability
Council subawards are awarded for one year. Subawards may be renewed for an additional one (1) year period, at the discretion of DHHS. Applicants must describe in detail their plan to sustain the project once Council funds end (i.e., who will maintain the project, etc.). Subaward applicants can increase the likelihood that projects will be sustained by including local community service groups, businesses, public education, and local government entities in their development. The plan should identify the activities, features, or practices that the applicant wants to sustain.
Use of Federal Funds
The following is a list of items that may be allowable under an NCDD subaward. This list is not all-inclusive. Refer to 45 CFR 75.420 for a more detailed description of selected items.

Advertising and public relations; audit services; compensation for employees for the time and effort devoted specifically to the execution of the subaward project; publication and printing; rental costs such as for computer equipment used specifically for the subaward project and office space; supplies, telecommunications; travel associated with the project.

Council subaward funds cannot be used for the following:

Alcoholic beverages; bad debts; capital expenditures for buildings or land; contingency funds; entertainment, to include amusements, social activities, and related incidental costs; federal employee compensation or travel expenses; fines and penalties; fund raising; gift cards; trinkets; interest; lobbying; memberships; organization costs such as incorporation fees, brokers’ fees, attorneys, accountants, or investment counselors in connection with the establishment or reorganization of an organization; construction or renovation costs; direct services for individuals with developmental disabilities (unless these services are part of a model demonstration); ongoing organizational activities; to supplant existing private, state or federal funding sources; to duplicate or replace existing services provided to individuals with developmental disabilities and family members; to purchase equipment to support entrepreneurship or given to launch a small business.

NCDD subaward funds cannot be used for ongoing organizational activities; to supplant existing private, state or federal funding sources; to purchase equipment or furnishings; or to duplicate or replace existing services provided to individuals with developmental disabilities and family members.

2.6. Subaward Funds and Match
Council funds provide for up to 75% of the project costs. Subrecipients must provide the remaining 25% of the project costs through cash or in-kind match. To determine the minimum matching funds required, divide the amount of Council funds requested by 3 ($20,000 divided by 3 = $6,667 minimum match required for the subaward). Applicant may provide additional non-federal matching funds to the project. The source of non-federal matching funds can include a direct financial contribution, revenue from other organizations, and in-kind contributions from the applicant or a third party such as volunteer time, supplies, and meeting space.

NOTE: Federal funds cannot be used as match. Funds used to match a NCDD subaward may not be used as match for another federal grant or subaward, and NCDD funds cannot be used as match for other federal grants or subawards.

Cash match includes the use of the subrecipient organization’s own funds for things they would have to pay for (i.e., part of someone’s salary, rental space, communications, or postage) and cash donations from third-parties on project-related costs to support a project by an agency. In-kind match includes, but is not limited to, the valuation of donated goods and services. “In-kind” is the value of something received or provided by an outside source that does not have a direct cost associated with it. Examples include the value of non-paid volunteers working on project-related activities. Their hours are tracked using a timesheet similar to the way hours are tracked for project personnel. A calculation of the value of the hours will be included in the Budget/Budget Justification.

Subawards resulting from this RFA are subject to and shall follow federal regulation, as set forth herein. Subrecipients receiving subaward funds may only be paid up to the actual and allowable costs (as defined herein) of completing the Project Description. No Subawards resulting from this RFA will be fee-for-service contracts, regardless of the method of payment, and no Subrecipient may keep a profit from its subaward. Program income must be noted as Match. More detail about the terms of this funding is set forth in Sections 5.5 Program Income and 5.6 Matching Requirements.
2.7. Requirements of All NCDD Subrecipients

The following terms and conditions apply to all organizations awarded NCDD subaward funds:

3.6. Evaluation Committee(s)

All members of the Evaluation Committee will disclose to DHHS any potential conflicts of interest before evaluation. Members with a conflict will be removed from the Evaluation Committee(s) before scoring.

Any contact, attempted contact, or attempt to influence an evaluator that is involved with this RFA may result in the rejection of this Application and further administrative actions.

3.7. Evaluation of Applications

All complete Applications that are responsive to the RFA will be evaluated. DHHS reserves the right to evaluate Applicants and award funds in a manner utilizing criteria selected at DHHS’ discretion and in the best interest of meeting the objectives of the funding involved. The Evaluation will be conducted by the following method:
DHHS will initially evaluate all Applications to determine whether the Applicant is an eligible entity; whether the Application meets the minimum requirements of this RFA; and whether the Applicant poses risk of noncompliance with federal statutes, regulations, and the terms and conditions of the Subaward, such that DHHS should not award funding.

The NCDD Subaward Evaluation Criteria Score Sheet is attached to this RFA (Attachment 3). Evaluators will conduct a fair, impartial, and comprehensive evaluation of all Applications in accordance with the predetermined criteria based on the Application. Evaluators exercise sole discretion as to whether the Application adequately addresses the evaluation criteria.

The NCDD Grant Review Committee evaluators will score applications and recommend awards to the top scoring Applicant or Applicants to the NCDD. The NCDD reserves the right to reject, add contingencies, or adjust funding request as funding allows. The Applicant’s responses to the Forms will be scored through a point method set forth below. Evaluators will score on the following categories with a maximum point potential for each:

1. Application Requirements. Applications that do not meet the minimum application requirements will not be considered for review. This includes applications where the target population is not persons with developmental disabilities, projects that do not address the listed goal and objective, or Applicants who have been disbarred by the US Federal government.

2. Project Summary. Applicants will receive higher scores if the Summary clearly states the project’s goal, activities to be undertaken to meet the project goal, and the projected impact on people with developmental disabilities and their families/guardians or others. (5 points)

3. Qualifications. Applicants will receive higher scores if they have a defined and clear organizational structure; organizational experience in federal grants; qualified and capable personnel with experience in federal grants or equivalent credentials or experience; or can otherwise demonstrate that they will be a reliable subrecipient who will use all awarded funds in a manner consistent with law and the requirements of this RFA. Applicants will receive higher scores if the Application narratives describe and include agency qualifications, mission, programs, and services, experience advocating on behalf of people with developmental disabilities and their families/guardians- including individuals from culturally diverse backgrounds. Applicants will receive higher scores if the Application narratives describe and include past accomplishments in conducting activities similar to those proposed, and qualifications and experience of persons who will be responsible for the project. Applicants will receive higher scores if Applicant/agency has previous experience with federal grant funds and describes/demonstrates knowledge of Uniform Grant Guidance/HHS Grants Guidance. (5 points)

4. Coordination & Collaboration. Applicants will receive higher scores if a list of current agency subawards and contracts is included, a list of agency membership on community focus groups, teams, coalitions, or other local organizations is included, evidence of working relationships and community partnering with shared goals and activities is documented, and letter(s) of collaboration from community partners are included. Applicants will receive higher scores if letters from agencies that are part of the sustainability plan are included with description of what they will do to support the project beyond subaward funds. (15 points)

5. Detailed Narrative. Applicants will receive higher scores if goal and objective from the Council’s State Plan that is being addressed are clearly identified, a description of the systems change that is being targeted is stated, if applicable, and a detailed description of what the applicant is proposing to do is clearly explained. (30 points)

6. Accomplishments. Applicants will receive higher scores if expected accomplishments of the project are clearly stated, output and outcomes to be achieved are clearly stated, an explanation of how successful completion of the project will contribute to the State Plan Goal identified, and an explanation of short and long-term benefits of the project for individuals with developmental disabilities and their families/guardians and others is included. (15 points)

7. Work Plan. Applicants will receive higher scores if the proposed work plan includes time-referenced and measurable activities to meet the project goal, including one that addresses project sustainability, expected outcomes including projected numbers are stated, and a realistic timeline is...
identified which includes the goals, objectives, and activities that are described in the work plan. (30 points)

8. **Project Sustainability.** Applicants will receive higher scores if the activities, features, or practices that the applicant wants to sustain once Council funds end are clearly identified, a description of whether their agency or other agencies or collaborators will assume responsibility for maintaining these activities, features, or practices is detailed, and the work plan includes a goal and objectives related to sustainability of the project and/or its outcomes. (20 points)

9. **Budget Justification.** Applicants will receive higher scores if the budget is tailored to the work plan and utilizes allowable direct and indirect costs. Total request for funding itself will not determine score; rather, Applicants will be scored based on whether budget accurately reflects allowable costs of completing the work set forth in the work plan. A brief explanation of how the funds requested will support the project goals and activities is provided. Applicants will receive higher scores if detail of how the applicant arrived at the budget figures is included, costs to be charged to federal funds and those charged to matching funds are identified, an explanation of how phone, rent, or copying will be charged between federal funds and applicant’s agency funds, and if Personnel expenses are requested, employee name, position, and percentage of time they will be working on the project is noted. (15 points)

10. **Budget.** Applicants will receive higher scores if Budget expenses are appropriate and related to the project work plan, Budget does not include equipment, ongoing operating expenses, construction or renovation costs, or direct services for people with developmental disabilities unless these are part of a model demonstration, the Budget includes a 25% match of the subaward, and the source of matching funds is clearly identified. (15 points)

There are 150 total points available for Applications under this RFA.

DHHS may award to a single top Applicant, or may award to multiple top scoring Applicants, in its sole discretion.

Applicants selected for funding may receive a contingency notice requesting clarification or additional information prior to the official award. Upon receipt and approval by Council staff of any contingencies, a formal subaward document will be emailed to the applicant for electronic signature. If there are no contingencies, the formal subaward document will be emailed to the applicant for electronic signature. All subaward signatures will be obtained using DocuSign. No work shall begin on the project prior to October 1, 2022. Work begun on the project prior to all required signatures being obtained may not be approved for reimbursement.

**3.8. Late Applications**

Applications received after the time and date of the Application opening will be considered late Applications. Late Applications will be rejected. All Applications must be electronically or physically received by the date and time of the Application Opening. The State is not responsible for Applications that are late or lost regardless of cause or fault. It is the Applicant’s responsibility to ensure Applications are received timely.

**3.9. Corrections**

An Applicant may correct a mistake in an Application prior to the time of opening by giving written notice to the POC of intent to withdraw the Application for modification, or to withdraw the Application completely. Changes in an Application after the Evaluation Period has begun are acceptable only if the change is made to correct a minor error. Whether an error is minor shall be determined by DHHS.

**3.10. Grievance and Protest Procedures**

All grievances must follow the DHHS Subaward Grievance/Protests Procedures, available on the DHHS Grants Website. Grievances must be filed timely.
3.11. DHHS Reservations of Authority During Application and Evaluation Process

After Evaluation of the Applications, or at any point in the RFA process, DHHS may take one or more of the following actions:

1. Amend the RFA;
2. Extend the time of or establish a new Application opening time (i.e., allowing additional time to submit Applications);
3. Waive deviations or errors in the RFA process and in Applications that are not material, do not compromise the RFA process or an Application, and do not improve an Applicant’s position;
4. Accept or reject a portion of or all of an Application;
5. Accept or reject all Applications;
6. Withdraw the RFA; or
7. Elect to reissue the RFA.

DHHS reserves the right to adjust the Applicant’s budget with successful Applicants after the Intent to Subaward is issued. DHHS also reserves the right to adjust the Work Plan with Applicant to meet the requirements of the grant, Federal Funding Agency, law, or to meet DHHS programmatic needs. DHHS also reserves the right to apply additional conditions based on the successful Application and the result of a pre-award risk assessment. If a scoring method is used to rank applications to determine funding amounts, all adjustments shall have no bearing on rank.

If DHHS rejects all Applications, it may enter either reissue an RFA with the same or different specifications and terms, or it may negotiate a single or multiple Subawards with individual Applicants or non-Applicants.

The Work Plan must respond in detail to the Project Description. It must contain a description of the work activities Applicant is proposing to complete under the RFA. It should contain an understanding of the requirements for the project under the applicable federal or state funding sources (or both), and, as applicable, descriptions of timelines, outcome/process measures, and program evaluation activities.

Responding to the requirements detailed in the Project Specific Requirements section, describe the activities that you will engage in, why these activities are necessary, and what these Primary Project Activities will achieve. Explain why this approach will be successful in achieving the project’s goal, and the Expected Project Outputs (what will be created or achieved by the end of the project) and Expected Project Outcomes (the level of achievement or success that occurred because of the project activities). See Section 4 for examples of Expected Outputs and Expected Outcomes. Include a description of any products and deliverables that will be developed.

5. Accomplishments. Summarize the expected accomplishments of the project. Identify the output and outcomes to be achieved (see Output and Outcome under the DD Suite Help button). 7. Project Sustainability. Applicants must describe in detail their plan to sustain the project once Council funds end. The plan should identify the activities, features, or practices that the applicant wants to sustain.

4.4. Applicant’s Budget (Form 4 & Budget Template)

Instructions:
Applicants must provide the following elements as part of the budget submission:

3. Budget (budget template provided)
4. Budget Narrative

A budget template is provided, but is not exhaustive: your budget might have additional items not listed here. Applicants may edit the template to reflect planned expenditures. All electronic documents must be submitted in Portable Document Format (PDF).

Each budget should contain only costs that are allowable under the applicable federal statutes, regulations, terms and conditions of this RFA. Applicants will not be allowed to change their budgets once submitted to DHHS, unless the RFA POC specifically requests, in writing, budget changes. Budgets may be modified as required by DHHS or in agreement between DHHS and the Applicant after the Intent to Subaward is announced. Applicants should not rely on budget changes or modifications in submitting their proposed budget, but should be able to perform the program activities consistent with their budget.

If an Applicant has or has prepared a cost allocation plan for this subaward, it may be submitted along with the Application.

If an Applicant plans to charge indirect costs other than through a cost allocation plan, Applicant thus must provide one of the following along with their budget: 1) A current federally-approved indirect cost rate agreement; 2) A currently approved indirect cost rate agreement with DHHS; or 3) A calculation of de minimis indirect costs consistent with federal rules. DHHS may provide a calculator to aid programs in calculating de minimis indirect costs, upon request;

Indirect costs and cost allocation plans may also be negotiated after the Intent to Subaward. As consistent with law, Applicant may voluntarily opt to take a lower indirect rate than their approved agreement, or indirect cost calculation, allows.

1. Budget. Create a Budget using the Budget template. The amount of DHHS grant funds requested in the Applicant’s budget must not exceed $50,000.

2. Budget Justification. Include a brief budget justification narrative to explain expenses listed and how you arrived at the requested amounts. Provide explanations as to why each item is necessary for the success of the project. Identify costs for which federal funds are requested and those that will be provided by match (non-federal cash funds or in-kind).

When calculating Personnel costs, provide the name of the employee or the position and the percentage of time they will be working on the project. Be prepared to provide documentation of the hourly rate/annual salary of each individual and calculations on how benefits for individuals were determined for the time they will be working on the project.

For Matching Funds, show how the amounts were determined and how they will be documented.

For Office Expenses, Communications, and other/Miscellaneous costs that can only partially be allocated to the project (e.g., rent or phone), explain how the amount was determined. For example, if personnel is 20% then rent, phone, etc. would be 20% of the annual costs.

For Other Costs, identify each dollar amount and describe how it will be used both for subaward and matching funds.
Indirect costs: Applicants that have included indirect costs in their budgets must include a copy of the current indirect cost rate agreement approved by a Federal agency or the Nebraska Department of Health and Human Services. This is optional for applicants that have not included indirect costs in their budgets.

Program Income: As appropriate, include the estimated amount of income, if any, you expect to be generated from this project.

4.5. Additional Information (Form 5)

Letters of Support or Commitment

Letters from agencies that are part of the sustainability plan should be included describing what part they will play in supporting the project beyond project funds. Applicants may include relevant letters of support from key personnel, collaborators, significant contributors, and/or organizations that do not have an active role in the project but believe the project will have a positive outcome. Applicants should also provide letters of commitment documenting contributions to the project. Letters must explain the organization’s role in the project including tasks and/or items to be provided. Applicable cash and/or in-kind contributions should appear as match on the Budget.

Examples:

Cash Commitments: “[Partner name] will provide $500 to pay for facility rental fees;” or

In-kind Commitments: “[Partner name] will waive facility rental fee ($250);”
5. TERMS

Applicants must be aware of the following terms when submitting their Applications. These terms will be included in the resulting Subaward between the parties, as well.

5.1. Addenda

The following Addenda will be incorporated into any Subaward with a selected Applicant. They are available online at the [DHHS Grants Website]:

- Addendum A - DHHS Standard Terms – Subawards
- Addendum B - DHHS Insurance Requirements – Subawards

DHHS reserves the right to amend these terms at any time during the RFA; to negotiate the terms with selected Applicants; to amend or change these terms for any subsequent Subaward signed and executed by the parties; or any combination of the above. Terms required by federal or state law will not be negotiated, and if an Applicant cannot agree to these terms, DHHS may withdraw or modify the Intent to Subaward and take any of the actions set forth herein.

5.2. Budget Changes

The final Subaward may contain terms to allow a Subrecipient to modify a budget, with or without approval from DHHS. Applicants should not, however, rely on this when submitting budgets. Also see the Subaward User Manual for more information.

5.3. Direct Costs

Under this Subaward, DHHS shall only pay for actual and allowable costs (as defined in this section) incurred during the Period of Performance.

To be allowable, all costs must be:

- Necessary for the performance of the Subaward activities;
- Reasonable, as provided in 2 CFR § 200.404 or 45 CFR § 75.404;
- Allocable to the federal award, as provided in 2 CFR § 200.405 or 45 CFR § 75.405;
- Consistent with all other requirements of the Cost Principles in 2 CFR § 200 Subpart E or 45 CFR § 75 Subpart E; and
- Consistent with all other law, regulation, policy, or other requirements applicable to the state or federal funds involved.

To be actual, all costs must be finalized and spent by the appropriate dates set forth in the Subaward.

Particular Federal Funding Agencies may have additional requirements and stipulations regarding allowable costs under that particular funding.

Applicants should be aware that direct personnel costs must be consistent with 45 CFR § 75.430 or 2 CFR § 200.430, as applicable. These costs must be able to be backed by sufficient documentation, or must be shown to be allocable to the award via an alternative, allowable method, such as a random moment time study. Also see the Subaward User Manual for more information.

5.4. Indirect Costs

Federal law defines indirect costs as “costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved.” 2 CFR § 200.56 and 45 CFR § 75.2. All indirect costs may only be paid if they are consistent with the UGG or HHSGG, as applicable.
As provided in 2 CFR § 200.414 and 45 CFR § 75.414, indirect costs may only be paid from a federal grant if paid through a federally-approved rate or a rate negotiated between DHHS and the Applicant. If the Applicant has never had a federally-approved indirect rate, it may charge indirect costs as consistent with the federal rules for de minimis indirect costs.

Cost Allocation plans may set forth a direct allocation of all costs under a subaward, or may allocate only a portion of those costs along with an indirect rate. Subrecipients may not, however, charge items as direct costs and also as indirect costs. Also see the Subaward User Manual for more information.

5.5. Program Income

Any revenue generated by the Subaward is Program Income (see definition in 2 CFR § 200.80 or 45 CFR § 75.2). Program Income requires an accounting of its use and must be handled in accordance with 2 CFR § 200.307 or 45 CFR § 75.307. As per the Notice of Award for the federal funds involved in this RFA or from other regulation, all program income generated by the Subaward awarded as a result of this RFA must be reported as matching funds. Please see the regulations cited above for more detail. Also see the Subaward User Manual for more information.

5.6. Matching Requirements

Subawards resulting from this RFA require the successful Applicant to match the funds awarded at a rate of 25% of total program costs. See 2 CFR § 200.306 or 45 CFR § 75.306. Match must be based on the total costs, not the percentage of the federal funds alone. Federal funds from another source may not be used as match. See the Subaward User Manual for more information.

5.7. Additional Program Requirements

This RFA and any resulting Subaward will be subject to the HHS Grants Policy Statement. A copy of it is available here: https://www.hhs.gov/sites/default/files/grants/grants/policies-regulations/hhsbps107.pdf

FORM 3 – APPLICANT’S WORK PLAN

Instructions:
Applicants must provide the following elements as part of the budget submission:
1. Work Plan (work plan template provided)
2. Work Plan Narrative

The Work Plan must respond in detail to the Project Description. It must contain a description of the work activities Applicant is proposing to complete under the RFA. It should contain an understanding of the requirements for the project under the applicable federal or state funding sources (or both), and, as applicable, descriptions of timelines, outcome/process measures, and program evaluation activities.

Applicant must demonstrate a working knowledge of the issues that affect individuals with developmental disabilities and their families, experience working with and/or advocating on behalf of individuals with developmental disabilities, and a history of conducting education in the activity area identified in the application.

1. Project Summary. Provide a brief, one paragraph statement that clearly states the project goal, the major activities to be undertaken, and the projected impact on people with developmental disabilities and/or family members.
2. Agency Qualifications. Describe and document the applicant’s capacity to carry out the programmatic intent of funds and proposed activities. Information in this section should include agency mission, programs, and services. The names, titles, qualifications, and experience of persons who will be responsible for and assisting with the project must be included.
3. Coordination and Collaboration. Describe your community involvement and document the strength of relationships with other agencies to achieve common goals. Information included would be a list of current agency subawards or contracts, evidence of working relationships and community partnering, and a list of agency memberships on community focus groups, teams, coalitions, or other local organizations. If applicable, identify other individuals or organizations collaborating on the project, and provide a brief description of their contribution and qualifications. Attach letters of commitment/support from these partners.
4. Detailed Narrative. Identify the selected State Plan Goal and Objective for this project. Describe in detail the need for the proposed project and how your project will address the stated need. Responding to the requirements detailed in the Project Specific Requirements section, describe the activities that you will engage in, why these activities are necessary, and what these Primary Project Activities will achieve. Explain why this approach will be successful in achieving the project’s goal, and the Expected Project Outputs (what will be created or achieved by the end of the project) and Expected Project Outcomes (the level of achievement or success that occurred because of the project activities). See Section 4 for examples of Expected Outputs and Expected Outcomes. Include a description of any products and deliverables that will be developed.
5. Accomplishments. Summarize the expected accomplishments of the project. Identify the output and outcomes to be achieved (see Output and Outcome under the DD Suite Help button). Explain how successful completion of the project will contribute to achieving the State Plan Goal identified for this project. Explain what the projected short-term and long-term (post-project) benefits of the project will be for people with developmental disabilities and their family members.
6. Work Plan. Create a Work Plan of activities to complete the objectives using the Work Plan template. The Work Plan must include the following: start and end dates for each Activity (these dates cannot simply reflect the start and end dates of the project, each activity will have a specific start and end date); the person responsible for the activity; and the estimated number of individuals who will benefit from the project. Work Plan MUST include a goal and activities related to sustainability of the project and/or its outcomes.
7. Project Sustainability. Applicants must describe in detail their plan to sustain the project once Council funds end. The plan should identify the activities, features, or practices that the applicant wants to sustain. A description of whether their agency or other agencies or collaborators will assume responsibility for maintaining the project.
Instructions:
Applicants must provide the following elements as part of the budget submission:

1. Budget (*budget template provided*)
2. Budget Narrative

A budget template is provided, but is not exhaustive: your budget might have additional items not listed here. Applicants may edit the template to reflect planned expenditures. All electronic documents must be submitted in Portable Document Format (PDF).

Each budget should contain only costs that are allowable under the applicable federal statutes, regulations, terms and conditions of this RFA. Applicants will not be allowed to change their budgets once submitted to DHHS, unless the RFA POC specifically requests, in writing, budget changes. Budgets may be modified as required by DHHS or in agreement between DHHS and the Applicant after the Intent to Subaward is announced. Applicants should not rely on budget changes or modifications in submitting their proposed budget, but should be able to perform the program activities consistent with their budget.

If an Applicant has or has prepared a cost allocation plan for this subaward, it may be submitted along with the Application.

If an Applicant plans to charge indirect costs other than through a cost allocation plan, Applicant thus must provide one of the following along with their budget: 1) A current federally-approved indirect cost rate agreement; 2) A currently approved indirect cost rate agreement with DHHS; or 3) A calculation of *de minimis* indirect costs consistent with federal rules. DHHS may provide a calculator to aid programs in calculating *de minimis* indirect costs, upon request; indirect costs and cost allocation plans may also be negotiated after the Intent to Subaward. As consistent with law, Applicant may voluntarily opt to take a lower indirect rate than their approved agreement, or indirect cost calculation, allows.

1. **Budget.** Create a Budget using the Budget template. The amount of DHHS grant funds requested in the Applicant's budget must not exceed $50,000.

2. **Budget Justification.** Include a brief budget justification narrative to explain expenses listed and how you arrived at the requested amounts. Provide explanations as to why each item is necessary for the success of the project. Identify costs for which federal funds are requested and those that will be provided by match (non-federal cash funds or in-kind).

When calculating Personnel costs, provide the name of the employee or the position and the percentage of time they will be working on the project. Be prepared to provide documentation of the hourly rate/annual salary of each individual and calculations on how benefits for individuals were determined for the time they will be working on the project.

For Matching Funds, show how the amounts were determined and how they will be documented.

For Office Expenses, Communications, and other/Miscellaneous costs that can only partially be allocated to the project (e.g., rent or phone), explain how the amount was determined. For example, if personnel is 20% then rent, phone, etc. would be 20% of the annual costs.

For Other Costs, identify each dollar amount and describe how it will be used both for subaward and matching funds.

Indirect costs: Applicants that have included indirect costs in their budgets must include a copy of the current indirect cost rate agreement approved by a Federal agency or the Nebraska Department of Health and Human Services. This is optional for applicants that have not included indirect costs in their budgets.
Program Income: As appropriate, include the estimated amount of income, if any, you expect to be generated from this project.
FORM 5 – ADDITIONAL PROGRAM APPLICATION REQUIREMENTS AND CERTIFICATIONS

Letters of Support or Commitment

Letters from agencies that are part of the sustainability plan should be included describing what part they will play in supporting the project beyond project funds. Applicants may include relevant letters of support from key personnel, collaborators, significant contributors, and/or organizations that do not have an active role in the project but believe the project will have a positive outcome. Applicants should also provide letters of commitment documenting contributions to the project. Letters must explain the organization’s role in the project including tasks and/or items to be provided. Applicable cash and/or in-kind contributions should appear as match on the Budget.

Examples:

Cash Commitments: “[Partner name] will provide $500 to pay for facility rental fees;” or

In-kind Commitments: “[Partner name] will waive facility rental fee ($250);”
