Sample Quarterly Compliance Audit Form:

Date:	Time of Audit:	Room number	Baby in crib in supine position (yes / no)	If not supine position – is there a Physician Order? (yes / no)	Nothing in crib but baby (yes/no)

Guiding Principles:

- Baby laying in crib
- Evaluation of hospital personnel modeling safe sleep practices
- Provide a random sample of hospital personnel on a given date, viewing more than one nurse's assigned cribs/rooms.
- Not all infants on the unit need to be involved in the audit, if census allows, audit a minimum of five cribs.
