Re: Notice of eQHealth Solutions/Kepro and CNSI Merger

This provider bulletin is being issued to notify Medicaid providers that eQHealth Solutions/Kepro has merged with Client Network Services (CNSI), a healthcare technology organization. The combined organization has rebranded as Acentra Health.

The services provided by eQHealth Solutions/Kepro for Nebraska Medicaid will remain the same. The provider portal and request for authorization process will also remain unchanged. However, the branding on letterheads will change to Acentra Health's new logo and information.
