Re: Nebraska Medicaid Fall 2023 Listening Tour

This provider bulletin is being issued to invite Nebraska Medicaid providers to an upcoming MLTC Listening Tour meeting.

We would like to extend an invitation to you for the upcoming Fall Listening Tour meeting(s). This is a chance to let us know what changes or improvements should be made to the Medicaid program moving forward. Your feedback and participation are vital in helping us tailor our services to better meet the provider's and member's needs. Joining us for a meeting can benefit not only the Medicaid program but also your practice and the community in which you serve.

Our Listening Tour is an essential part of our ongoing efforts to maintain connection with our valued stakeholders. Attending a meeting will help inform you about the upcoming changes to the program that may impact your practice and patients. These meetings also provide an opportunity for us to seek input and feedback regarding the Medicaid program. Also, allow attendees to speak directly with the leadership from Nebraska's Medicaid program and the managed care organizations that will be providing Medicaid services in 2024: Nebraska Total Care, UnitedHealthcare, and Molina Healthcare.
