

NEBRASKA DEPARTMENT OF HEALTH AND HUMAN SERVICES

GUIDANCE DOCUMENT

“This guidance document is advisory in nature but is binding on an agency until amended by such agency. A guidance document does not include internal procedural documents that only affect the internal operations of the agency and does not impose additional requirements or penalties on regulated parties or include confidential information or rules and regulations made in accordance with the Nebraska Administrative Procedure Act. If you believe that this guidance document imposes additional requirements or penalties on regulated parties, you may request a review of the document.”

Pursuant to
Neb. Rev. Stat. § 84-901.03

To: All Providers Participating in the Nebraska Medicaid Program
From: Drew Gonshorowski, Director *DG*
Date: October 6, 2025
Re: Medicaid Coverage for Limited Services to include Screening, Diagnostic, and Targeted Case Management Services for Justice Involved Individuals

This provider bulletin is being issued to notify Nebraska Medicaid providers of Medicaid services for youth and young adults in public institutions – **for dates of service on or after October 19, 2025.**

In accordance with [Section 5121](#) of the Consolidated Appropriations Act (CAA) of 2023, Nebraska Medicaid will provide screenings, diagnostic services, and targeted case management to qualifying youth and young adults held in public institutions. Public institutions include state, local, and tribal facilities such as juvenile detention centers, adult jails and lockups, and correctional institutions.

Who Qualifies

To qualify for the services, individuals must:

- Be under age 21 and enrolled in Nebraska Medicaid, **or** be between 18–26 years old and enrolled in Nebraska Medicaid as part of the [Former Foster Care \(FFC\)](#) group, **and**
- Be incarcerated in a public institution, adjudicated, and within 30 days of release into the community.

Covered Services

Nebraska Medicaid will offer the following services to support transition and continuity of care for re-entry into the community.

Services Covered During the 30-Day Pre-Release Period:

- Targeted case management (TCM): provided by the individual's managed care health plan.
- Screening and diagnostic services: screenings for those under age 21 in accordance with the American Academy of Pediatrics guidelines that include medical, behavioral, dental, and vision screenings. Diagnostic testing is based on medical necessity.
- Immunizations: covered in accordance with Centers for Disease Control and Prevention (CDC) guidelines.

Services Covered During the 30-Day Post-Release Period:

- TCM: provided by the individual's managed care health plan.

All services must be delivered by providers enrolled in the Medicaid program. Medicaid is prohibited from paying for any other treatment or examination services while the individual remains incarcerated except for inpatient hospitalizations longer than 24 hours.

Reimbursement

Select procedure codes will be reimbursable during the 30-day pre-release window. These codes are published in the public [fee schedule](#), titled “Justice Involved.” Medicaid providers must use their existing provider agreement and provider type to bill for the covered services outlined in the fee schedule. Reimbursement rates for these services will follow existing rates for the same services.
