**Home Delivered Meals Management:** All five counties

**Nutrition Counseling:** All Five Counties

**Information Services:** All five counties

The Eastern Nebraska Office on Aging works closely with all the provider agencies in all five counties and host the Partnerships in Aging, which comprises the major providers from the five counties. None of the providers are in the position to assume responsibility for any of the direct services requested. These are reviewed annually by the Advisory Council and Governing Board of ENOA for appropriateness of requesting the waiver of direct delivery. Both meetings are open to the public and no one has appeared requesting ENOA not directly operate these services for the Justification/Reason for the request. Previous public hearings have had no one ever oppose the direct delivery requests.

ENOA maintains a public affairs division to provide information to the media, coordinate all materials for distribution to the public as well as other promotional activities including the publication of the “New Horizons” a monthly publication for older citizens.
