- Licensed Independent Mental Health Practitioner (LIMHP)

The following individuals are licensed to practice under supervision or direction:

- Licensed Mental Health Practitioner (LMHP)

Supervision must be provided by a person who is eligible to provide Medicaid services and who is licensed at the clinical level under State law as eligible to provide supervision or is a physician.

The following individuals who are licensed to practice in the State of Nebraska and treat mental illness or substance abuse, acting within the scope of all applicable state laws and their professional license, may be enrolled as a provider of mental health/substance abuse services. These individuals may not act as a supervising practitioner.

- Advanced Practice Registered Nurses (APRN-NP) with a specialty in mental health or family practice nursing.

All services have an initial authorization level of benefit. Prior authorization is required prior to service delivery for medically necessary outpatient psychotherapy services which exceed the limitation of the initial authorization. All services provided while a person is a resident of an IMD are considered content of the institutional service and not otherwise reimbursable by Medicaid.

A unit of service is defined according to the CPT and HCPCS approved code set unless otherwise specified.

Testing and evaluations must be performed by a licensed clinical psychologist or supervised by a licensed psychologist.

NMAP does not cover mileage and conference fees for home-based family therapy providers of outpatient psychiatric services for individuals age 21 and older.

#### Telehealth:

Services provided by licensed mental health and substance abuse practitioners via telehealth technologies are covered subject to the limitations as set forth in state regulations.
