TRANSFER OF ASSETS

3. Penalty Date--

The beginning date of each penalty period imposed for an uncompensated transfer of assets is:

the first day of the month in which the asset was transferred;

the first day of the month following the month of transfer.

4. Penalty Period - Institutionalized Individuals--

In determining the penalty for an institutionalized individual, the agency uses:

the average monthly cost to a private patient of nursing facility services in the agency;

the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.

5. Penalty Period-Non-institutionalized Individuals--

The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;

TRANSFER OF ASSETS

6. Penalty period for amounts of transfer less than cost of nursing facility care -

a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:

does not impose a penalty;

imposes a penalty for less than a full month, based on the proportion of the agency's private nursing facility rate that was transferred.

b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:

does not impose a penalty;

imposes a series of penalties, each for less than a full month.

7. Transfers made so that penalty periods would overlap -

The agency:

totals the value of all assets transferred to produce a single penalty period;

calculates the individual penalty periods and imposes them sequentially.

8. Transfers made so that penalty periods would not overlap -

The agency:

assigns each transfer its own penalty period;

uses the method outlined below:

#### TRANSFER OF ASSETS

9. Penalty periods - transfer by a spouse that results in a penalty period for the individual -
- a. The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.
  - b. If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

10. Treatment of income as an asset -  
When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

For transfers of individual income payments, the agency will impose partial month penalty periods.

For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

The agency uses an alternate method to calculate penalty periods, as described below:

#### TRANSFER OF ASSETS

11. Imposition of a penalty would work an undue hardship--

The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

- a. The client will be sent a notice that their Medicaid case is being closed or application rejected due to a gratuitous transfer, the length of the penalty period and notification that they can claim undue hardship.
- b. The client must then file for an administrative hearing within 90 days from this notice to follow-up on their claim of undue hardship.
- c. The client and/or their representative must present their claim and supporting documentation.
- d. A decision/finding is issued within 45 days.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

Factors that would be considered would include but are not limited to: whether the client's health or life would be endangered; whether the application of a penalty would deprive the client or financially dependent family members of food, clothing, or shelter; whether the individual made a reasonable attempt to recover the assets.
