### Read all about it!

The iServe Nebraska Explore Benefits tool provides Nebraskans with an anonymous pre-screening questionnaire to help determine all the benefits for which they may qualify. The Explore Benefits tool is not a promise or denial of benefits. You must complete the entire benefit application for an official decision.

The Explore Benefits tool is available on the iServe Nebraska portal via the [DHHS homepage](#) or directly at <https://iserve.nebraska.gov>.

There is a short survey located on the Explore Benefits results page. Look for the header **"Provide feedback about iServe Nebraska"** after getting your results, or click [here](#) to access the survey directly.

## For More Information . . .

Below is a list of available resources to support the upcoming launch of the iServe Nebraska integrated application, and to help Nebraskans successfully utilize the Explore Benefits tool.

**Resources for Community Partners:** Check out the [iServe Nebraska Partner Information Hub](#) for Portal updates, meeting recordings, and FAQs.

**Resources you can share with Nebraskans:** Quick Reference Guides, answers to frequently asked questions and a 'How To' video are available to Nebraskans on the [iServe Nebraska Training & Resources](#) website.
