

iServe Nebraska Portal Resources

The Nebraska Department of Health and Human Services (DHHS) has a variety of resources available to help make the iServe Nebraska Portal an intuitive, user-friendly experience for Nebraskans to determine what benefits they may qualify for and apply for those benefits.

The iServe Nebraska Portal:

- Provides an option for Nebraskans to access benefit programs using their mobile phone, tablet, or computer.
- Accessible to all.
- Available in English and Spanish.

Nebraskans can log in to the Portal with their existing ACCESSNebraska username and password or create a new account.

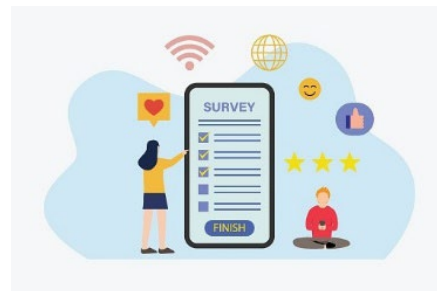

The Explore Benefits Tool:

The iServe Nebraska Explore Benefits tool provides Nebraskans with an anonymous pre-screening questionnaire to help determine all the benefits for which they may qualify. The Explore Benefits tool is available on the iServe Nebraska portal via the [DHHS homepage](#) or directly at <https://iserve.nebraska.gov>.

Check Out the Explore Benefits Survey!

There is a short survey located on the Explore Benefits results page. Look for the header “**Provide feedback about iServe Nebraska**” after getting your results.

You can also share your feedback about your experience using the Explore Benefits tool at <https://www.surveymonkey.com/r/ExploreBenefits>.

Need Assistance Using the Portal?

The [iServe Nebraska Training & Resources](#) website provides Nebraskans with Quick Reference Guides, answers to frequently asked questions, and a ‘How To’ video to help use the features on the Portal.
