

CFS Provider Portal

Action Required: Opt-In for Automated Referral Notifications

The new Children and Family Services (CFS) Provider Portal Referral Module will be released on **August 12, 2024**. This module will replace the current process of referring new and existing clients to CFS contracted providers who currently submit claims via the Provider Portal.

To receive referrals, providers **must** opt-in for automated notifications. This will streamline the initial contact process.

Please review the Quick Reference Guide on [How to Update Notifications](#) and complete this process before **August 12, 2024**, to avoid any disruption in receiving referrals.

Resources

Visit the [CFS Provider Portal Resources Website](#) for additional reference guides, training videos, and other resources.

Questions?

For questions about this communication, send an email to: dhhs.cfsproviderportal@nebraska.gov.

For specific technical questions about the Portal's functionality, send an email to dhhs.nfocusproductionsupport@nebraska.gov.
