

## **J-1 Visa Waiver Review and Recommendation Process For the State of Nebraska**

The State of Nebraska is committed to assisting all residents of Nebraska to having access to quality, affordable health care. Therefore, the Nebraska Department of Health & Human Services is prepared to consider recommending a waiver of the foreign residence requirement on behalf of physicians holding J-1 visas under certain conditions.

The Nebraska Department of Health & Human Services' policy is completely discretionary, voluntary and may be modified or terminated at any time. The submission of a complete waiver package to the Nebraska Department of Health & Human Services does not ensure that the Nebraska Department of Health & Human Services will recommend a waiver. In all instances, the Nebraska Department of Health & Human Services reserves the right to recommend or decline any request for a waiver.

A waiver request to the Nebraska Department of Health & Human Services must come from a Nebraska health care facility (clinic or hospital) on behalf of a J-1 physician and not directly from a J-1 physician.

### **Description of the Waiver Review Process**

Request for a waiver of the foreign residence requirement must be made by a local health care facility (clinic or hospital) directly to the Nebraska Department of Health & Human Services, Office of Rural Health. Upon request, an information packet will be sent detailing the information/documentation that is required.

Each case will be reviewed on a case by case basis by the Nebraska Office of Rural Health. A recommendation will be made to the Chief Medical Officer of the Nebraska Department of Health & Human Services to make the final determination. The review and submission process by the State of Nebraska usually takes two weeks, the entire application process including the review by the Department of State and U.S. of Citizenship and Immigration Services takes 3 – 4 months.

Only thirty (30) waivers can be granted per state per year. Each case file will be assigned a priority number. The non shortage area requested applications ( up to 10 of the 30 ) will be reviewed in the same manner as other applications.

If the Nebraska Department of Health & Human Services decides to recommend a waiver, the application and letter of support will be sent to the U.S. Department of State. The representative on the G-28 form and the sponsoring employer will be notified when the application is sent (usually within two weeks of receipt of the application packet).

The U.S. Department of State will check with the organization that issued the IAP-66 "Certificate of Eligibility for Exchange Visitor (J-1) Status", bringing the person into the U.S. If that organization has no objections to the person being granted the waiver and the case has all the necessary documentation, US Department of State will forward the package to the U.S. Citizenship and Immigration Service (USCIS) with a favorable recommendation. The U.S. Citizenship and Immigration Service (USCIS) will inform the requestor and the Nebraska Department of Health & Humans Services of its decision.
