

Using Nebraska Vital Records Electronic Registration System-Browser Application (VRERS-BA) in Chrome / Firefox

In order to use Chrome or Firefox with IVES, an extension or add-on is required to make this work. Steps to do so are mostly the same with minor differences. The following guide will show you how to set up the browser you are using.

Either Browser

- 1. Go to the IETab.net website.
- 2. Jump down to either the **Chrome** or **Firefox** section, depending on your browser.
