National Examination Vendor Transition

Begins January 11, 2027

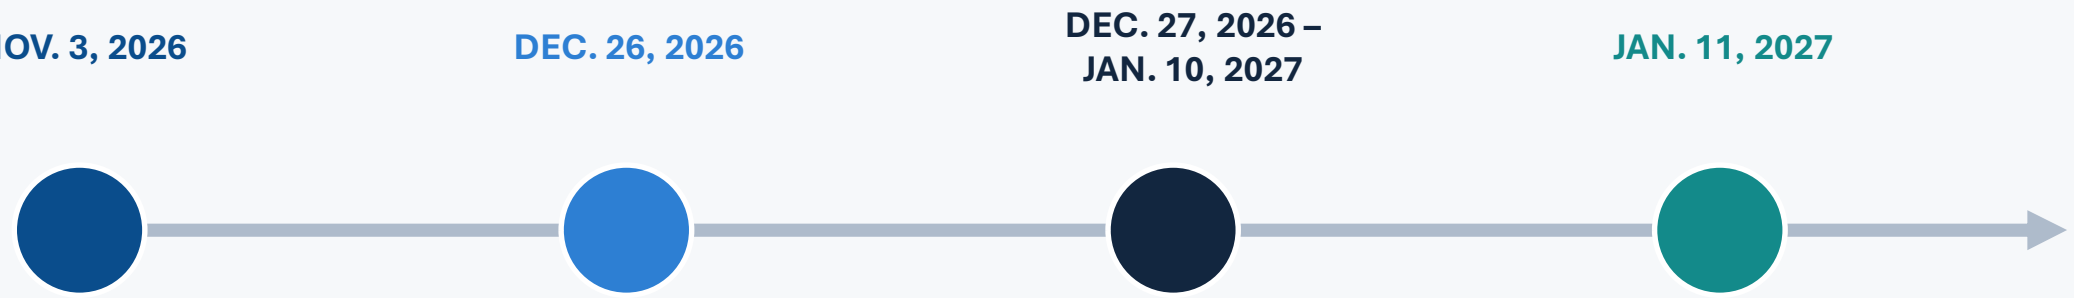

The following exams will transition from ETS and Prometric to PSI

- National Audiology Examination (PRAXIS)
- National Speech-Language Pathology Examination (PRAXIS)
- National Audiology Assistant Exam
- National Speech-Language Pathology Assistant Exam

Registration through PSI opened on November 3, 2026.

The transition at a glance

PSI is a wholly owned subsidiary of ETS, supporting continuity in the examination programs.

PSI registration opens

Registration opened for 2027 Audiology and SLP, and assistant exams.

Last ETS test date

Existing ETS appointments through this date remain valid.

Transition window

No exam delivery is available.

PSI delivery begins

All examinations are administered through PSI.

ETS and PSI: what changes and what stays the same

The delivery partner changes. The examination standards remain continuous.

Content and format	Current exam	Same exam content, areas, format, structure	SAME
Passing points	Current standard	Same passing points and scoring standards	SAME
Score report access	ETS Data Manager	ETS Data Manager	SAME

Examination eligibility verification rules

Beginning with PSI registration, SLP and Audiology candidates must document enrollment or graduation before examination eligibility is approved.

1

Verification is required

Candidates must verify current enrollment in, or graduation from, an Audiology or Speech-Language Pathology graduate or doctoral program.

2

Documentation must identify the candidate and program

Acceptable proof may include a transcript, enrollment letter, or diploma that clearly shows the candidate’s name and academic program.

3

Eligibility comes before scheduling

The required documentation must be submitted and reviewed before the candidate can proceed to schedule the examination.
