

**EXECUTIVE ORDER 22-02
(Includes EO 21-15)**

TIME-LIMITED PROVISIONAL LICENSE INFORMATION

Nebraska Governor Pete Ricketts issued Executive Order 22-02 (expiring September 30, 2022) which provides waivers of specific statutes and applicable regulations due to a hospital capacity emergency. Executive Order 21-15 is included in EO 22-02 and will remain in effect through September 30, 2022.

Examinations: One of the waivers relates to examinations required for licensure. The Executive Order authorizes the issuance of a provisional license to applicants who meet all requirements for the license except the examination requirement.

EO 21-15 applies to physical therapy, occupational therapy, nursing home administration, audiology and speech-language pathology, medical radiography, alcohol and drug counseling, and medical nutrition therapy. The applicant is not required to submit test scores prior to licensure and permits the Department to issue a time-limited provisional license pending successful examination results or the duration of the emergency, whichever is shorter.

- If you pass the examination, the Department will issue your permanent license.
- If you do not take the examination before the provisional license expires, you cannot continue to practice until you pass the examination and are issued a permanent license.
