A member state must fully implement a criminal background check requirement, within a time frame established by rule, by receiving the results of the Federal Bureau of Investigation record search on criminal background check and utilize the results in making licensure decisions. The Occupational Therapy Compact Commission shall promulgate reasonable and lawful uniform rules to facilitate and coordinate implementation and administration of the Occupational Therapy Compact. This rule will become effective upon passage by the Occupational Therapy Compact Commission as provided in Section 10 of the Occupational Therapy Interstate Compact.

34 **3.1 Implementation of Criminal Background Check:**

35 To avoid default, member states must have completed all required processes, requirements, and
36 applications necessary to request the ability to receive the results of the Federal Bureau of Investigation

41 Results of the criminal background check shall be reviewed solely by the member state in accordance
42 with state law.
