ALL CAREGIVERS ARE WELCOME.

We talk a lot about moms. But we offer support to anyone—working or not—who cares for a child, including:

- Moms
- Single fathers
- Grandparents
- Foster parents
- Step-parents
- Guardians

WE'RE HERE FOR YOU.

We're here for more moms and caregivers than you might think—in fact, we serve over half of all infants born in the US. To get WIC assistance, participants:

- Should be pregnant or have infants or children under 5 years old
- May be in need of income assistance
- Can be receiving other benefits like foster care, medical assistance, or SNAP

INCOME GUIDELINES

Draft Inside

**WE
HELP
MOMS
BE
MOMS.**

WIC is the nation's most successful and cost-effective public health nutrition program. We provide wholesome food, nutrition education, and community support for income-eligible women who are pregnant or post-partum, infants, and children up to five years old.

FOOD. EDUCATION. SUPPORT. YOU GOT THIS.

We give moms the resources, knowledge and tools they need to be the moms they want to be.

HEALTHY FOOD

Through WIC moms get monthly checks to buy healthy food, such as:

- Fresh fruits and vegetables
- 100% whole wheat bread, brown rice, or tortillas
- Dried or canned beans
- Milk
- Yogurt
- Cereal
- 100% fruit juice
- Cheese
- Peanut butter
- Eggs
- Tuna or salmon
- Baby foods
- Iron fortified baby cereal
- Infant formula

NUTRITION EDUCATION

We support and educate moms to help them breastfeed successfully. We offer guidance on how to shop for healthy food, how to prepare it and how to entice children to eat it. We provide access to information, including:

- Prenatal nutrition
- Breastfeeding tips
- Eating tips for your child
- Parenting tips
- Healthy recipes

A COMMUNITY OF SUPPORT

We're a network built for moms. We connect them, we educate them and we learn from them. Our community consists of:

- Nutritionists
- Lactation specialists
- Peer counselors

REFERRALS

We can introduce moms to resources outside of WIC, including:

- Healthcare professionals such as Pediatricians, OBGYNs, and dentists
- Immunization services
- SNAP
- ADC
- Medicaid

Federal Regulation Requirements

- The Food Rule
- Full Nutrition Benefit
- Maximum Monthly Allowances
- Minimum Requirements & Specifications For Foods

Yogurt –Tailoring Soy Milk Food Packages

- Model packages with Soy Milk do not contain dairy products
- In situations where dairy products are appropriate for individuals with a need for soy milk, the food package must be tailored to add the cheese/yogurt
 - Remove 2 half gallons of soy beverage
 - Add 1 lb of cheese
 - Add 1 container of yogurt
 - 1 gallon of milk = 1 pound cheese + 1 yogurt

Yogurt –Tailoring Special Diet Food Packages

- ▶ No special diet model packages for children or women that contain cheese
- ▶ Food package individually tailored to add cheese/yogurt based upon client nutritional needs and the PAF
- ▶ Adding yogurt if dairy products are indicated on the PAF
 - ▶ Remove 1 gallon of milk
 - ▶ Add 1 lb of cheese
 - ▶ Add 1 container of yogurt
 - ▶ 1 gallon of milk = 1 pound cheese + 1 yogurt
- ▶ If the PAF does not have milk – yogurt should not be provided

Child special diet who is getting formula and needs whole milk – Yogurt should be left as nonfat/low-fat

Journey Examples

Food Package Tailoring

Food Package Tailoring Tips

Verified ▶ Journey will verify a package that is “under issuance”

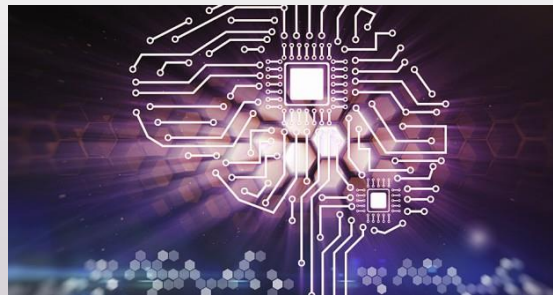

Add Food **Remove Food** ▶ Using Add Food/Remove food buttons will auto-prorate the foods and is the recommended method for food package tailoring

View Full 2/3 1/3 ▶ Changing quantities instead of using “add/remove food” may require changes to 2/3 and 1/3 package

▶ Look for error messages

• The Milk Whole 16 qt 1-2 yr Child rule has been violated. The amount of (16-OZ) STORE BRAND CHEESE; (32-OZ) YOGURT - WHOLE MILK YOGURT; (GALLON) WHOLE MILK; (12 OZ) EVAPORATED WHOLE MILK for 2/3 proration cannot be more than 384.00 oz and it is 396.00 oz in this food package.

▶ Journey doesn't know all the policies

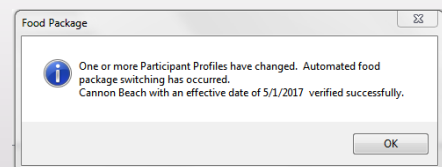

Setting the Effective Date of Food Packages

- ▶ If the new package is effective today, use today's date as the effective date.
 - ▶ If client already has benefits for the current month, set the effective date of the food package for next month.
- ▶ If the new package doesn't start until next month – set the effective date to the 1st of the next month
- ▶ A food package can be set for a future effective date
 - ▶ Example - Toddler to Child milestone change

Toddler to Child Milestone Change

- ▶ When the system updates a standard toddler food package to a standard child food package:
- ▶ The milk is changed from Whole to 1%/Skim
- ▶ **The package is changed to ALL MILK**
 - ▶ *Even if the toddler was getting a Standard Cheese or Standard Cheese + Yogurt Package*
- ▶ **Set the effective date and select a new model food package for the month after the child turns 2**
- ▶ *Example in Journey*

6 Month Milestone Food Packages & Check Issuance

- In July of 2016 a change was made to the wording of the baby food checks.
 - **32** - (4 OZ) JARS BABY FRUITS/VEG [2 PK= 2 JARS]
 - **16** - (4 OZ) JARS BABY FRUITS/VEG [2 PK= 2 JARS]
 - **10** - (4 OZ) JARS BABY FRUITS/VEG [2 PK= 2 JARS]
- Communication of changes
 - Notifications were sent to WIC authorized stores
 - Materials were provided to local agencies

Changes to Nebraska WIC Infant Food Checks

Approved Infant Food Fruit & Vegetable Purees

• Effective July 1st, 2016, infant food checks will list infant foods according to the number of 4 oz. jars, rather than the number of jars or two-packs.

• Stores may accept both old and new checks.

OLD

NEW

• If a WIC shopper purchases a two-pack, the cashier must count the two-pack as 2 individual 4 oz. jars when adding up to the number of jars listed on the check.

For example, if a WIC shopper has a check for 16—4 oz. jars, they may purchase any combination of 4 oz. jars and two-packs adding up to 16 jars.

6 Month Food Package Explanation

- **ALL MOM'S** should receive an explanation of how to buy baby foods at the mid cert appointment.
- When a **CPA** is reviewing with mom the introduction of solid foods, this is an excellent opportunity to provide information about buying baby foods with a WIC check **even if she has had other children on the program.**
 - Treat each 6 month old milestone package change as if it is the **FIRST TIME** the family has heard about buying baby foods.
- If a family has missed their mid cert appointment and only picking up checks, the **CLERK** must provide mom with an explanation about buying baby foods with a WIC check.
 - This is done to provide mom with the tools needed to have a *positive shopping experience.*
 - **A common misconception at stores is the register will PREVENT the transaction from being incorrect.**

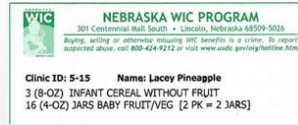

Important Points To Cover

- ▶ Today your baby will receive WIC checks that you can begin using on _____(FDTU) to purchase baby food.
- ▶ With this WIC check you may purchase ___(quantity) 8 oz. container(s), any brand dry baby cereal with no fruit, yogurt or other flavors. Examples of baby cereals to buy are rice, oatmeal, barely, and mixed grain varieties.
- ▶ With this check you may also purchase ___ (quantity) 4 oz. jars of baby fruits/veggies. WIC approved baby foods are plain or mixed fruits & veggies. WIC does not provide baby foods with added sugars, starches, tapioca, yogurt, or cereals. This would include no dinners, desserts, or cobblers.

Explanation of Baby Food Checks

- ▶ Basic points to cover with mom:
 - ▶ WIC approved baby foods
 - ▶ 4 oz. individual jars (Beech-Nut Classics & Tippy Toes)
 - ▶ 4 oz. two-packs (Gerber Only)
 - ▶ The amount of 4 oz. Jars listed on the WIC check
 - ▶ How to determine the number of two packs to purchase
- ▶ Materials to use
 - ▶ Nebraska WIC Food booklet
 - ▶ The baby's WIC checks
 - ▶ Infant Food WIC checks handout

- ▶ Using WIC check
- ▶ Listed on your baby food check is the number of 4 oz. jars that can be bought.
- ▶ If you buy 4 oz. jars you may buy the total number listed on your check.
- ▶ If you buy 2 packs, you may buy $\frac{1}{2}$ the total number listed

- ▶ Using WIC food booklet
- ▶ If you buy two packs of baby food, these count as 2- 4 oz. jars. For example with this check you may buy 16 – 4 oz. jars. If you are buying only two packs you may get 8- two packs for a total of 16 – 4 oz. jars.
